## "THOU SHALT NOT BE A FLIRT"

Married Should Love, Honor and  
Obey at all Times

## THESE ARE COMMANDMENTS

Many Ideas Given for Conduct  
of Men and Women

"Should women belong to more than one club?" "Should the husband divide his money with his wife?" "How often should the wife get a new dress, suit or coat?" "Should the husband tell his wife everything?"

These are just a few of the questions confronting the married men and women today. They are not idle questions but real problems which are disrupting many homes and crowding the divorce courts.

With the idea in mind of correlating the best thought in the community The News is asking for sets of "Ten Commandments" for the guidance of the married man and the married woman. For the best set applicable to a man and to a woman the sum of \$7.50 each will be paid. The second set in each class will receive \$5 and for the next three best sets for either the man or the woman two tickets to their favorite movie theatre will be given.

**JUDGE BECKER TO ACT**  
Awards will be made by Judge Fred C. Becker with the aid of two other competent judges, one a man and one a woman.

Today are published three more of the many letters that are being received. These are chosen at random and no attempt is made to find the best ones. That will, be left to Judge Becker and his assistants.

Anyone can send in as many sets as they desire. Send them to The Contest Editor, The News.

Here are commandments for the conduct of a married woman as outlined by a man.

### RULES FOR WOMEN

- 1—She shall love and honor her husband.
- 2—She shall keep her home as neat and tidy as possible.
- 3—She shall try to be as attractive after marriage as before.
- 4—She shall not behave unseemingly.
- 5—She shall have a soul-mate.
- 6—She shall be a manager of her home and shall conduct it in the interest of her husband and herself.
- 7—She shall be a helpmate to comfort her husband and help bear his burdens as well as his successes.
- 8—She shall keep in style but not in extravagance.
- 9—She shall not gossip about her husband's affairs, her domestic trials or her neighbors' business.
- 10—She shall teach her children to love God.
- 11—She shall strive to live the ideal life she would have her children live.

G. M. WILSON,  
4014 N. Main-st., Lima.

### FOR MAN'S CONDUCT

Now to turn the tables. Here are ten rules for a man to follow, as written by a married woman. She says that the husband should:

- 1—Be a Christian and live up to the "Ten Commandments, our Lord has given us."
- 2—Be an industrious, law abiding citizen.
- 3—Provide well for his wife and family, letting his wife be the judge of expenditures for the house.
- 4—Make a confidante of his wife.
- 5—Help with the care and training of the children.
- 6—Refrain from gambling and the use of intoxicants.
- 7—Show his family a little recreation and not be a "seven nights a week stag party man."
- 8—Control his temper.
- 9—Never be a crab at home just because things don't go as planned.
- 10—Never use language at home that the law will not allow him to use on the street.

MRS. ROBERT BURDICK,  
407 W. Wayne-st., Lima.

### HINTS FOR WOMEN

Here are ten commandments written by a woman for the guidance of women. She says that the ideal wife would:

- 1—Be courteous to her husband.
- 2—Dress herself neat and attractive.
- 3—Keep her home neat and tidy.
- 4—Be a good manager.
- 5—Be firm and hold to a wife's rights.
- 6—Never nag.
- 7—Be kind and lovable to her children.
- 8—Never gossip about her neighbors nor meddle in their affairs.
- 9—Never tell her neighbors her family troubles.
- 10—Be true to her marriage vows.

## AID IN CANALS PUT UP TO HARDING

Welty Seeks Support of President in Waterways

WASHINGTON.—(By Associated Press.)—President Harding is urged to lend his support in the development of inland waterways of the Mississippi valley and the west because of high rail transportation rates. In a letter from former Representative R. F. Welty of Ohio, made public today at the White House, Mr. Welty announced at the same time that he had sought the aid of members of the senate and house to further such plans in congress.

Mr. Welty accompanied his letter with data giving a comparison of freight charges, water and rail, between various points in the United States. These figures, he declared, were conclusive evidence of the need of utilization of waterways not now being developed. He called the president's attention to the expected early resumption of traffic on certain Ohio barge canals and the effect it would have on the economic situation locally.

## AMERICANS IN TURKEY PERILED

U. S. Embassy Under Guard of  
Armed Sailors

THREATENED BY BANDITS

Allied Officials Are Alarmed Over  
the Situation.

CONSTANTINOPLE.—(By Associated Press.)—Alarm over the safety of Constantinople is apparently felt by allied officials here. Operations by bandits are assuming serious proportions, particularly in Thrace, large numbers of Bolsheviks are arriving and the American embassy is under guard of armed sailors.

Brigadier General Harrington, commander of allied forces here, has gone to London to lay the military situation before British authorities.

Turkish Nationalists declare that banditry is being encouraged by the Greeks, who, they allege, are seeking an excuse for seizing Constantinople. The Greeks, on the other hand, state that uprisings are being stimulated by Bulgarian chiefs.

At any rate, life and property are not considered safe in the region about this city. The country is threatened with famine, as the fields are untilled, the people being terrorized and afraid to leave their villages. It is said that thousands of Russians who formerly were soldiers under command of General Wrangel have turned outlaws. Deserters from the Greek and Turkish armies are included in the bands operating outside the city.

## Interviews— Ideas and Fancies

ROBERT DOWNING, Western Ohio depot cigar store: "I did not appropriate the condition of Lima's streets and recognize the great need of repair on the city's thoroughfares until I made a trip about town in an auto. It's fierce, the state of the surface of many of the streets, showing positively the need of improvement. I've been sore in body ever since being bumped about town in an auto. I've been thinking how good that \$25,000 ordered spent by council for sewer plans would do if applied to street improvement."

ROY GREGG, of the R. T. Gregg & Co., drygoods store: "Retail business in Lima, from observation and information I have been afforded, is splendid, considering that there is a lull along all lines and since there are a great many people out of employment. I would say that Lima is more fortunate in this respect than many other cities. During the past few days there has been a slight falling off in trade at all stores. I am informed, probably due more to the state of the weather than to any other particular condition. All in all, optimism reigns in retail circles in Lima."

T. A. MULCAHY, agent D. T. & L.—"Extensive improvements of roadbeds are now under way along our line. Crushed stone, gravel, and slag being used. The slag comes from the Ford plants. A better roadbed will enable us to speed up and also to eliminate many wrecks. I am afraid that the Ford gasoline car is a thing of the past. We haven't heard any more about it."

R. R. HOLDEN, 949 W. High-st.: "If the city would cut out this useless spending of money for experts and other foolishness and put a few more policemen out in the residence districts of the city, robberies would be practically eliminated. The police department is doing the best it can with the facilities at hand but it could do more of it was given a chance."

W. W. CROOKS, agent Pennsylvania Lines: "Announcement of the railway labor board's decision is not sufficiently definite to warrant a statement now. Should the rate of wages be lowered only a little over 10 per cent it will no doubt be accepted without discussion by the workers. This small cut will not enable the roads to make any large decrease in freight and passenger rates, however."

JUDGE WILLIAM KLINGER: "The purpose of the Open Forum is to make it possible for the people of Lima to hear both sides of the questions of the day and to more intelligently decide what their own individual opinions will be. No one person's ideas, nor the prejudices of one class will be furthered. Both sides will be heard and the members of the audience will be permitted to ask any question, as long as it is put in good faith. It is a forward step."

## DOG FALLS 1,500 FEET; DELIVERS MESSAGE

RANTOUL, Ill.—(By Associated Press.)—"Bing" a fox terrier, made a descent of 1,500 feet in a parachute from an airplane at Chautau field today. When "Bing" landed he worked himself free from his harness, overcame another dog set to prevent his onward journey, and ran to headquarters with a message carried in a pouch suspended from his neck.

The performance was to show the practicability of using dogs to carry messages when an airplane is unable to land. "Bing" was dropped off of a wing of the ship by Sergeant A. C. Shoemaker.

## BRIDE ON TRIAL FOR MURDER

Missouri Girl, 13, Accused of  
Killing Step-Child

COURT ROOM IS CROWDED

Country Folks Drive in From  
Miles Around

FARMINGTON, Mo.—(By United Press.)—Folks in the Ozarks hooked up their mules today and drove into town to hear Letta Parsons' story in court.

Most everybody in the Ozarks knows about Letta.

For 13 years, she was nobody's child, just running around Farmington and the countryside without father or mother. She never learned to read or write. Letta is just "go white."

Then, shortly after her 13th birthday, John Parsons, a wood chopper, married her and brought her home to mother his two grandchildren.

### MURDER CHARGED

Letta is being tried for the alleged murder of one of them. Five days after she was married, she blew the top of the six-year-old Lilly Parsons' head off with a shotgun.

The child-bridge—she didn't look it today with her skinny pig tails and her scared eyes—says she didn't "make out" to kill Lilly. She says she was playing on the floor with the two children and didn't know the gun was loaded.

But Johnny Parsons, her other step-child, says she killed his sister because she acted up when Letta was trying to comb her hair.

### JEALOUSY HINTED

Then there are folks who say Letta isn't such a child as her 13 years indicate. They say she was "gettin' even" with John Parsons because he tramped around with another woman right after he had married Letta.

There is a chance the Ozark folks who know all about Letta, won't get a chance to hear her story. The case may be heard behind closed doors.

But they are leaving spring planting and coming anyway, because, altho Letta is a queer little creature—wild as a hawk, come say—there are a passel 'o folks who feel right sorry for her. She always was "nobody's child."

## HOME DYNAMITED

Bomb-Maker's Rendezvous Found  
in Cleveland Following Blast

CLEVELAND.—(By Associated Press.)—A bomb-maker's rendezvous was uncovered by police following the explosion early today of two bombs, which blew off the porch and shattered the front part of the home of Vito Leanso, after Leanso had disregarded a number of threatening letters demanding money and threatening to kill him unless he delivered it.

Three bombs, one the size of a watermelon, two bullet-making machines, two revolvers, two shotguns and fifteen pounds of dynamite were later found by police in a house, not far from the scene of the explosion.

Four men and one woman, believed by police to be members of an organized gang of blackhanders are being held by police.

### RAIL PLEA DENIED

COLUMBUS.—The state public utilities commission today denied application of the Cincinnati Northern Railroad Company to abandon stations at the D. and U. crossing at Greenville, Castine, New Weston, Ingomar and Kessler; also to the Norfolk and Western to abandon its station at Higby.

## POLISH OUTRAGES AIDED BY FRENCH

American Woman Tells of  
Conditions in Silesia

FEMALES EVEN MISTREATED

Insurgents Armed and Innocent  
Persons Tortured

BERLIN.—(By Associated Press.)—Order cannot be restored in Upper Silesia while General Lerond, or any other Frenchman, commands the inter-allied forces to whom is entrusted the execution of the Versailles treaty, said Countess Scherr-Thoss, who arrived here yesterday with other refugees who had escaped from the area affected by the Polish insurrection in the plebiscite area. The countess is a daughter of Henry White, member of the American delegation at the Versailles peace conference.

"When an Englishman or an Italian is given command there," she declared, "Germans will have confidence, and it will be possible to restore order and disband the volunteer forces organized to protect the rights granted by the Versailles treaty. The French have permitted the Poles to have arms, and assisted them in every possible way in their preparations for overrunning Upper Silesia. They even withdrew the guards from Railway bridges, so that the Poles could dynamite them and cut off communication with Germany."

### PROMISES MEAN NOTHING

"Promises made by Adalbert Korfanty and the French mean nothing to Upper Silesians, who regard Korfanty's offers to withdraw as a ruse to get the German volunteers to disband. The plebiscite held in Upper Silesia was a bitter disappointment to Korfanty and his supporters. Because the plebiscite spoke Polish, it was assumed by Polish leaders that they were Polish sympathizers, but the vote showed otherwise, and Korfanty was used to upset the results of the plebiscite."

"In the country overrun by the Poles persons of all classes who voted in favor of Germany were persecuted. Schoolmasters, in particular, were attacked. At Rauden, near Ratibor, they tortured a schoolmaster to death and subjected his daughters to horrible indignities. The aged Duke and Duchess of Ratibor were robbed and mistreated, but finally were saved by Italian officers."

"After plundering the houses of land owners and peasants, the Poles burned and destroyed what they could not carry away. Women and children fled before their advance in terror, having been given no protection by the French."

## SEAMEN'S STRIKE END IN SIGHT

Davis Given Full Power to Effect  
Settlement

WASHINGTON.—(By Associated Press.)—Decision of representatives of the seamen, marine engineers and radio operators to place full power in the hands of Secretary Davis to effect a settlement for them with ship owners and the United States shipboard board in the United States shipboard board is regarded as offering a definite prospect today for termination of the dispute. The decision was reached at a conference here last night between the union heads and the labor secretary, at which it was also agreed that they would present to him today tentative agreements involving wage reductions, new working conditions and overtime scales.

As a basis for negotiating a settlement of the dispute, Secretary Davis planned to present these new proposals today to shipping board and other government officials, with indications that Secretary Hoover probably would be among those called into conference. It is understood that the proposals will provide for a basic 15 per cent wage reduction, as demanded by ship owners and the board, but that upward revision in overtime scales and working conditions would make the reductions actually range from 10 to 12 1/2 per cent. While the cooks and stewards were not represented at last night's conference, it is believed that an agreement in their case would quickly follow a settlement with the other unions.

### GOVERNOR DAVIS OFF FOR FISHING TRIP

COLUMBUS.—Governor Davis, accompanied by his secretary, Floyd E. Waite, and a party of friends, left today for a week-end fishing trip on Lake Erie. They will be the guests of the Pelee Island Fishing Club and the Castalia Trout Club, near Sandusky.

In the party were State Senator Atwood, of Columbus; H. H. Mack, editor of the Sandusky Register; R. C. Snyder, editor of the Norfolk Reflector-Herald; State Fish and Game Warden A. C. Baxter, Robert Schryver, banker, and Harry Coleman, merchant, Columbus.

## FORMER LIMA MAN AND WIFE KILLED

## BATH ATTIRE LEFT TO CONSCIENCE

This is Rule Adopted for Los  
Angeles Beaches

ONE-PIECE SUITS THE RAGE

New Regulations at Various  
Resorts Announced

LOS ANGELES.—(By United Press.)—"Let your conscience be your guide," appears to be the slogan governing bathing suit styles at Venice and other nearby beaches. The shape, color and size of beach costumes are left to the maids who wear them. Short, one-piece suits in all colors, without stockings, predominate.

Many tourists, the truthfully shocked at what they see on the beaches here—but they stick around.

### NEW BATHING RULE

NEW YORK.—The new state prohibition enforcement law, has developed a new regulation for bathers at Long Beach. It is this: No hip pockets will be allowed on bathing suits, either for men or women.

Police Captain Barriscalle, in charge at Long Beach, said one-piece suits would not be permitted for either men or women. The latter's skirts must extend to within an inch of the knee. Stockings are not necessary. At Coney Island, it was stated that the anti-one-piece regulations would be strictly enforced.

### MUST WEAR STOCKINGS

ATLANTIC CITY, N. J.—The local police are determined this year to suppress radicalism in bathing suits.

One-piece costumes will not be permitted and women bathers must wear stockings.

The stockings must extend above the knee and overlap the lower extremity of the bathing suit, it was explained, at Police Chief Miller's office. "The skirt must also be a real skirt, not a mere ruffle."

"Only a few bathers had to be warned last year that their costumes were extreme," it was said. "In all, but a couple of cases, one warning by a life guard was sufficient. Two of the women were defiant and were fined. But they had been drinking."

"What this year's bathing suits lack in scantiness, however, will be offset by daring color combinations, judging by dealer's window displays."

### ONE-PIECE SUIT

CHICAGO.—Two good reasons for wearing a 1921 model bathing suit will be displayed by women who visit Chicago beaches this year.

Form-fitting, one-piece suits will be shown, sold and worn, investigation showed. Stockings will be the exception, rather than the rule. Movies of bathing girls have just about standardized the demand for suits, according to leading dealers here and there is not much demand except for the one-piece "tank" outfit. Customers asking for "something novel" in beach attire, are shown caps, to which designers have devoted most of their attention. Silk tassels, ribbons, embroidery and jewels, adorn the dainty caps.

Slip-ons, made of gay-colored taffeta and silks, will make their appearance at Chicago beaches if the one-piece suit is outlawed. However, judging from state-ments in police quarters, nothing will be outlawed—anything goes.

### "SAFE AND SANE"

CLEVELAND.—Cleveland beaches will be safe and sane this summer. Bathing suits worn this summer will be the same as last year, according to Park Director Thomas.

The official women's costumes sanctioned by the park department, which supervises Cleveland's bathing beaches, is a one-piece suit with a skirt.

Beach censors will look with disfavor on any attempt by lady to show her bare limbs. Stocking must be worn.

Advance showing of suits by Cleveland department stores indicates that the fair sex will adhere to the park department rules—providing they buy their costumes here. A variety of colors are being shown.

### BONDS AUTHORIZED

COLUMBUS.—The Ohio Gas and Electric Company today was authorized by the state public utilities commission to issue \$314,000 first mortgage six per cent bonds, or \$250,000 seven per cent preferred stock or the same amount of common stock, to raise \$250,000. The stock must not be sold below par and the bonds at not less than 80.

## BOY, 14, WHO KILLED PAL, COMES HERE

Sam Solmony, 14, Columbus, will be the youngest person ever received at Lima State Hospital for the criminal insane, according to Dr. Charles H. Clark, superintendent.

"It is very unusual for persons below the age of 20 to be sent here," declared Dr. Clark. "I have read in the papers about this boy killing his friend, but have no information relative to his coming here. We never received a boy as young as this one."

Judge Bostwick, Columbus, committed Sam to the state hospital here after physicians had assured him that the boy is insane. He was found guilty of carrying concealed weapons in connection with the murder of Louis Rancazzio, 14, his friend.

## CITIZENS ENLIST IN COAL FIELD WAR

West Virginians Take Action  
at Mass Meeting

PREPARE FOR BATTLE TODAY

People Volunteer When U. S. Refuses to Send Troops

WILLIAMSON, W. Va.—(By Associated Press.)—Several hundred citizens of Mingo-co. were ready today to answer the call of the authorities and take up their duties as special deputy sheriffs should they be needed. This course of action was decided upon at a meeting held in the courthouse here last night.

This is the first anniversary of the shooting at Matoeson in which seven private detectives and three residents of the town were killed after miners had been evicted from houses owned by the Stone Mountain Coal Company. Since that time the industrial warfare in the upper Tug river valley has broken out on a number of occasions; most seriously a week ago when a number of mining towns were fired upon from the surrounding mountains.

Refusal of the federal government to send troops, until every resource of the state and county authorities, had been exhausted brought about last night's meeting.

It was persistently rumored that shooting from the mountains would be resumed today and in order to cope with this situation, should it develop, leading business and professional men determined to give their personal aid to Sheriff Pinson and Captain Brooks, commanding the state police in this section.

National guardsmen held the Kentucky side of the river and gave assurance to the authorities here that they would do all in their power to assist in maintaining order.

## CHURCH REACHES 1,722,000 MARK

Number of Members Reported at  
Presbyterian Assembly

WINONA LAKE, Ind.—(By Associated Press.)—Hope that the church will continue to enjoy the great growth it has experienced during the last year, was expressed at the opening session today of the 133rd general assembly of the Presbyterian church in the United States of America here.

Dr. Samuel S. Palmer of Columbus, Ohio, retiring moderator, in his sermon opening the assembly this morning, expressed satisfaction with the mark of 1,722,000 members attained last year and voiced his hope that the church might continue its gain.

Late this afternoon the election of a new moderator to succeed Dr. Palmer will mark the beginning of business sessions of the assembly.

Word was received today from William Jennings Bryan, commissioner from the Florida presbytery that he would not be able to attend the assembly until May 25. Mr. Bryan was one of the candidates prominently mentioned for moderator but his late arrival precludes the possibility.

### NURSES MEET

CLEVELAND.—The eighteenth annual meeting of the Ohio State Association of Graduate Nurses and the eighth annual meeting of the Ohio State League of Nursing Education opened here today with business sessions. A preliminary session was held yesterday with the Ohio Hospital Association.

## DIE INSTANTLY AS CAR HITS AUTO

Mr. and Mrs. John Rise in Fatal  
Accident in Indiana

RELATIVES HERE INFORMED

Bodies Will Be Brought to Lima  
for Burial at Elida

John H. Rise, 62, and his wife, Mrs. Rosa Rise, 55, former Lima residents, were instantly killed at Scottsburg, Ind., Wednesday night at 6:30 o'clock, when a local car of the Inter-State Public Service traction line struck the automobile in which they were riding.

Necks of both were broken and their skulls were fractured. The automobile was a total wreck. The bodies will probably be brought to Lima and taken to the home of Mr. Rise's brother, S. W. Rise, 621 W. Eureka-st., with whom they had been visiting before starting on the trip. Interment will probably be at Elida.

### VISITED IN LIMA

Mr. and Mrs. Rise, who had spent the winter in Florida, motored back to Lima and visited with Mr. Rise's brother and with his cousin, Charles Rise, 677 S. Union-st., the first of the week. They left Wednesday on a mission to Bowling Green, Ky., where Mr. Rise was to be in consultation regarding a business deal.

First intimation of the accident was received here Wednesday evening at Solar lodge of Odd Fellows, when the noble grand of the Odd Fellows lodge at Scottsburg, Ind., telephoned to ascertain if any member there knew Mr. Rise, the dead man. It was reported he was a member of that organization.

### COUSIN GETS DETAILS

His cousin, Charles Rise, was at lodge at the time and to him details of the tragedy were told. Later, a telephone call from Harry Rupka, Mansfield, brother of Mrs. Rise, advised relatives here of further details.

Mr. Rupka and S. W. Rise were on route to Scottsburg, Ind., to bring the bodies back to Lima. Papers on the bodies of Mr. and Mrs. Rise established their identity.

The accident occurred at Northfield Crossing, three miles north of Scottsburg. The crossing affords a clear view of the tracks both ways. The automobile is said to have been squarely on the tracks when the crash occurred. Motorman David Russell and Conductor J. H. Gardner, who were in charge of the car, which carried death to the occupants, were absolved of any blame by the traction company, it was said.

Mr. and Mrs. Rise had no children and spent the time in motoring. Their last residence was in Mansfield. Mrs. Rise's relatives reside in Akron. Mr. Rise was born in Lima and is widely known in this city.

## U. S. DRY AGENT LAY-OFF SCORED

P. A. Baker Attacks Congress for  
Failure to Provide Funds

COLUMBUS.—(By Associated Press.)—Congressional failure to make sufficient appropriations for prohibition enforcement, necessitating a let-down for 40 days, was severely scored in a statement here today by Perley A. Baker, Westerville, superintendent of the Anti-Saloon League of America. "Spigot economy" and "a bung hole prodigality," were terms used by him.

"Lack of appropriations, forcing the discharge of 700 inspectors is a most colossal blunder," the statement declared.

"These men have the evidence of thousands of cases. The fines from convictions that surely would be made, would turn back into the treasury funds sufficient to run the department for months."

"This is one blunder," the dry head declared, "at least that cannot be charged up to Democrats."

Discharge of the inspectors for the period, Mr. Baker said, will mean the losing of a great deal of evidence.

"Guilty men will go free," the statement continued, "and the government will not get returns from an immense amount of expense and work already paid for."

"The reason for such a failure, when lawlessness is rampant in the country, is difficult to understand."

## FONTAINEBLEAU A U. S. SCHOOL

Historic Place Donated Now Music Center

TO AWARD "PRIX DE PARIS"

250 American Students to Take Course Offered

NEW YORK.—(By International News Service.)—An American conservatory of music, long a dream of leading American musicians, is now an accomplished fact. The realization is given a keener edge by virtue of the fact that the conservatory is not to be in the United States, thus giving American talent its long desired opportunity to study abroad.

The Palace of Fontainebleau, in the village of that name, in France, has been offered to the American committee of the recently founded Summer School of Music by the French Government, thru the good offices of M. Leon Barad, Minister of Public Instruction and Fine Arts, to be used for three months each Summer as a conservatory of music for talented students of music in America.

The entire staff of the Paris Conservatoire of Music, headed by M. Camille Saint-Saens, director of Beaux-Arts, will undertake the work of instruction to American students. M. Henri Rabaud, director of the Paris Conservatoire, has also promised to devote his energies to perfecting the new school of music.

**PRIX RATA BASIS OF SELECTION**

The method of selection of the 250 American students to be sent abroad will be on a pro rata basis of the states. The requisites for admission to the Summer School of Music at Fontainebleau are letters from authoritative instructors or recognized schools of music; letters from recognized persons in the United States as to the applicant's moral qualifications and proof of actual musical talent, however latent.

The students sent to Fontainebleau will live in the historic palace. Women will be quartered in the Marie Antoinette wing and men in the Louis Quatorze wing.

The president of the Fontainebleau School of Music, under the auspices of the French Government, Ministry of Beaux-Arts, and the American Friends of Musicians in France, is Mrs. George Montgomery Tuttle, of New York. The vice-president is Walter Damrosch; treasurer, Mr. William Sparling; secretary, Miss Esther Singleton.

**CANADIANUS TO TEACH**

The Fontainebleau School of Music is modeled upon the famous Paris Conservatoire and the staff of teachers is drawn from the Paris Conservatoire. The courses will have exactly the same value as those of the Paris Conservatoire. The students will have the inestimable advantage of studying under the guidance of such men as Charles Maria Widor, Francis Casadesu, Paul Vidal, J. Philipp, Lucien Capot, Andre Hekking, Henry Casadesu, Camille Decroux, Heitich, Grand, Juny, Maurice Lema, Jacques Pillels, Regina Paterni, Nadia Boulanger, Maurice Hewitt and others.

The famous organist, Charles Maria Widor, is the chief director of the school.

**CURRICULUM BROAD**

Instruction will be given in piano, violin, violoncello organ, harp, singing, conducting, harmony, music composition, counterpoint and fugue, ancient musical instruments and ensemble playing.

The course in old instruments, such as the viola d'amore, viola da gamba, harpsichord, etc., is particularly attractive in view of the new vogue these long-forgotten instruments are now beginning to have.

Special lectures on musical culture, acoustics, physiology of the voice and instruments of every description will be given.

Historical concerts in the Palace will also be a feature of the season. "PRIX DE PARIS"

Diplomas similar to those of the Paris Conservatoire will be conferred at the end of the season and a prize called the "Prix de Paris" awarded for composition.

The winner of the "Prix de Paris" will be entitled to a whole year's tuition in Paris with all expenses paid. Many other prizes will also be awarded.

Those who are fortunate enough to be sent to France to represent America from July first to October first will be carried to and from France by the ships of the Compagnie Generale Transatlantique at the same rates as members of the Diplomatic Corps, at a considerable saving of cost.

**OPENS JULY 1**

Students will sail on the Paris on her maiden voyage from America, leaving New York on June 23.

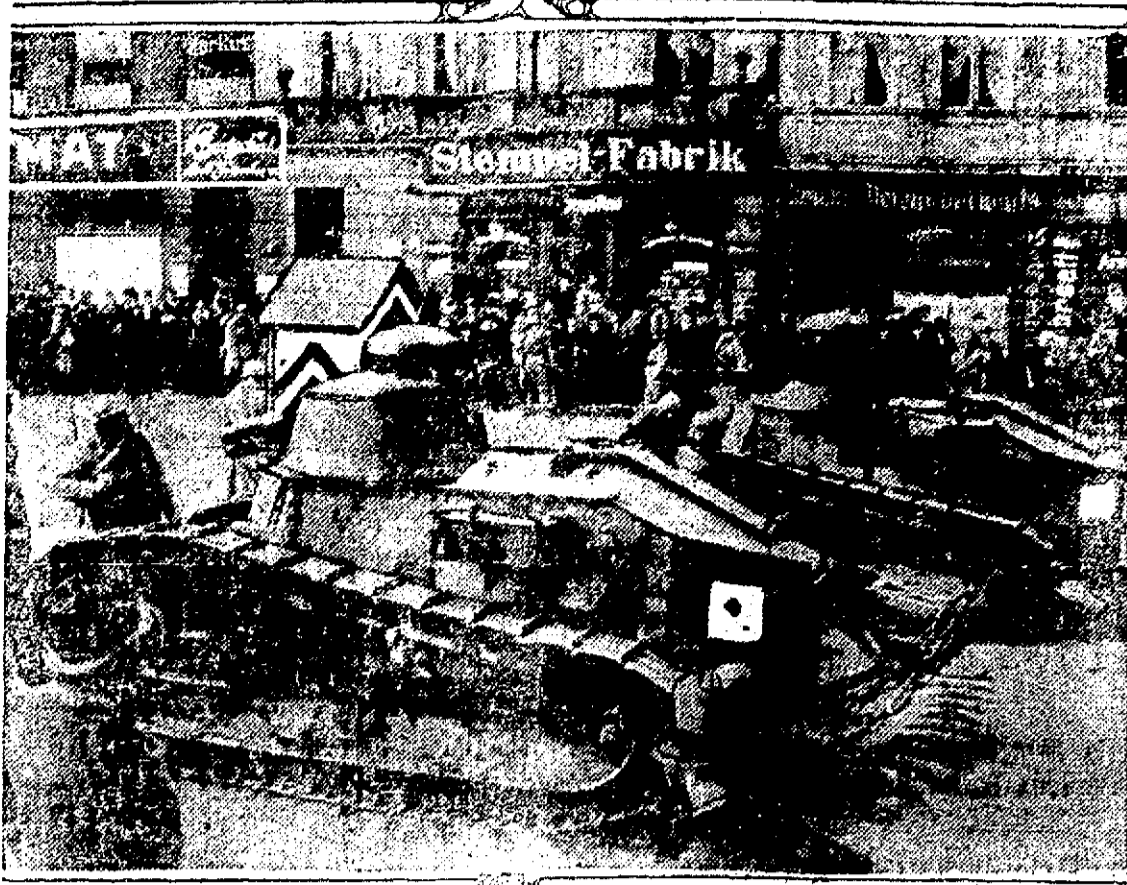

Less than \$500 will be sufficient for each student for expenses for board, lodging and tuition for three months at Fontainebleau.

The committee who have the selection and management of the students in America is housed in the New York Public Library, at No. 121 East Fifty-eighth street, and all who desire to take the course should make immediate application to the secretary, Miss Esther Singleton.

**WANTS NEW AUTO.**

County commissioners have filed an application in court, asking for granting of funds of \$1,375 for the purchase of a new automobile, to be used by Sheriff Baxter. According to Prosecutor Lippincott, who drew the petition, the car is to take the place of the machine burned up several days ago.

## FRENCH REFUSE TO TURN WEAPONS IN UPPER SILESIA ON THE POLES

French tanks in Kattowitz, one of the disputed cities in Upper Silesia.

There are thousands of well-armed Poles, who are determined to take possession of the territory despite the German victory at the recent plebiscite. France sides with Poland, while English leans the other way.

## 3 BANK ROBBERS CAPTURED

Bandits Are Taken Following Holdup in Chicago

CHICAGO.—(By United Press.)—Three bank robbers, fleeing after holding up the Division State Bank here, were captured today when their automobile turned over. One bandit was wounded by police fire. A fourth robber escaped.

The four men entered the bank shortly after it opened today and drove officials into a rear room. After scooping up all the money in sight, about \$10,000, they fled.

As the automobile was speeding down the street, Detective Sergeant William Russell, who knew nothing of the robbery, called for the automobile to halt. The robbers did not stop. Russell commandeered a passing automobile and gave chase, emptying his revolver at the bandits.

The robbers' automobile turned over as it rounded a corner. The four robbers started to run. Russell wounded William Dunigan and captured two others. The fourth man held up another automobile and made his escape in it. The foot was found in the overturned machine.

## PANAMA APPEALS

Asks South American Aid in Dispute With U. S.

PANAMA.—(By United Press.)—Panama today appealed to South American nations to intervene in her controversy with the United States over disposition of a strip of Central America claimed by both Panama and Costa Rica.

The government sent envoys to Peru, Argentina, Brazil and Chile to ask those countries to demand that final disposition of the disputed province be left to a commission from the Latin-American nations and the United States.

At the same time, Secretary of Foreign Affairs Garay sailed for Washington, presumably with an answer to Secretary Hughes' ultimatum directing Panama to vacate the disputed territory. It was reported, Garay would request further consideration by the United States authorities, politely refusing to vacate until the request was granted.

## BITES FOR HERO

Masterpole Funeral Will Be Held Here Friday

The body of Sergeant Joseph Masterpole, who was killed in Belgium November 3, 1918, reached Lima Wednesday night from Columbus, where a large number of bodies of soldiers who had died in service overseas were received for distribution.

The body is now resting at the home of his parents, Mr. and Mrs. A. Masterpole, 787 S. Metcalf. Funeral services will be held Friday at 2 o'clock at Trinity M. E. church. Interment will be at Woodlawn.

American Legion will lead in a military funeral which will be given the young sergeant.

Masterpole was a member of Company L, 148th Infantry, 87th division.

## AGENTS UNABLE TO FIND MRS. BERGDOLL

PHILADELPHIA.—Government agents here were unable to serve Mrs. Emma C. Bergdoll, mother of Grover and Edwin Bergdoll, wealthy draft dodgers, with a summons for her reappearance before the house Bergdoll investigating committee, it was reported. No response was made to calls at the Bergdoll home. Since her sentence Tuesday to a year and a day in Atlantic prison or \$7,000 fine for aiding Grover in escaping the draft, Mrs. Bergdoll's whereabouts have been unknown, it was said.

## NEW STORE WILL OPEN SATURDAY

Another Business Added to West Side by Bernard Blum

More evidence that the merchandising section of the city is rapidly extending westward is seen in the opening of a high grade ladies' wear shop on the east side of Elizabeth street, midway between Market-st and High-st, by Bernard H. Blum. Alterations of the room into a beautiful store are rapidly being completed and it will be opened to the public Saturday, May 21.

Something entirely new in shops is contemplated by Blum. The store will be modeled after the famous "Russek Shoppes" of New York and Paris. Arrangements have also been made to secure copies of the Russek imported models for sale here.

All the merchandise will be enclosed in cases leaving the main part of the room open as a waiting and rest room. There will also be a French room for demonstration purposes. When completed this will include the only ground floor comfort station and ladies' rest room in the shopping district.

Other important changes are expected soon in this section of the city. It is understood that several stores of the highest character will locate either on Elizabeth-st or Market-st in the near future. The opening of the new Argonne Hotel is expected to add impetus to the growth of the west business section of the city.

## BECK APPOINTED

Daugherty Names New Yorker As Solicitor General

WASHINGTON.—(By Associated Press.)—Appointment of James M. Beck, of New York as solicitor general was announced today by Attorney General Daugherty.

Mr. Beck, the attorney general said, will assume his duties about July 1, under an agreement with William L. Frieson, the retiring solicitor general, in order to expeditiously transfer the work of office.

"His appointment," Mr. Daugherty said, "may be considered from the standpoint of the country generally as a compliment to the bench and bar."

Mr. Beck served as assistant attorney general from 1900 to 1903. Prior to that he was United States district attorney at Philadelphia, his native city. He is 60 years old.

## SEWER BONDS DELIVERED TO PURCHASER IN CHICAGO

Bonds valued \$56,000, sold to Halsey-Stuart company a Chicago securities house were signed by Mayor Barkhart Thursday, and delivered to local banks for shipment to Chicago.

The securities are in denominations of \$1,000 each and pay 6 per cent interest. They mature in 20 years. The issue was sold to raise funds to pay the city's share of the relief sewers under construction. They were disposed of some 60 days ago, and should have been delivered to purchasers, but for an error made by engravers, which had to be rectified.

## AMERICAN JURIST GIVEN TRIAL

Accused By British of Being "Friend To Ireland"

HALED BEFORE RUMP COURT

Is Founder of Mothers' Pensions In United States

(By FLOYD MACGRIFF.)

NEW YORK.—(International News Service.)—Judge Henry Neill, widely known as the "father" of mothers' pension laws, today told for the first time, when he called to pay his respects to Lawrence Neill, Lord Mayor of Dublin, how he, an American citizen, was arrested by Scotland Yard in London, charged with "being a friend of Ireland" and given a rump trial behind iron bars.

The arrest Judge Neill explained, grew out of his speech at the Dublin Mansion House, at which Lord Mayor Neill presided, and in which Judge Neill remarked that he felt like he had come home, because his mother had been born in Ireland.

"I was lunching shortly after that with Lord Blythe in London," said Judge Neill. "Two Scotland Yard detectives summoned me. I was escorted peremptorily to an iron-barred room in Scotland Yard. Lights were dimmed. Stenographers sat ready to transcribe testimony. A judge-like officer said:

"You are charged with being a friend of Ireland."

"I was not frightened, if that was the aim of the officers. I remarked 'I plead guilty to that charge.' It evidently had been their intention to put me on the defensive. They asked me where I had been. I told them I had just returned from an inspection of the British fleet—had been entertained by a whole flock of Admirals aboard His Majesty's super-dreadnaught, the Hood.

"After more questioning as to where I had been, and what my activities were, I was released. Later, Lord Lytton, on behalf of the Government, expressed regret to me for the annoyance that had been caused."

**FRIGHTENED BY THEIR SHADOWS**

"Well," interposed the Lord Mayor of Dublin "the English were very jumpy at that time—it was during the war—and they were scared of their own shadow."

Lord Mayor Neill expressed to Judge Neill his anxiety to get back to Ireland, where he could be of more direct service to "his people" during the present "time of anxiety," as he phrased it.

"The American people, I find," said the Lord Mayor, "are well informed of conditions in Ireland."

He lamented, however, the disabilities being interposed by the English authorities against mail and cable

## NEW PASTOR FOR HARDING'S CHURCH

Rev. William S. Abernethy is now the pastor of Calvary Baptist church, Washington, D. C., the church President and Mrs. Harding attend. Rev. Abernethy was formerly pastor of the First Baptist church of Kansas City, Mo. He was ordained to the ministry at Berwyn, Ill., a suburb of Chicago.

communication between the people in Ireland and residents here. Lord Mayor Neill made it plain he did not hate the English.

"I do not believe the Irish people generally hate the English," he said. "It is the British system of government to which they object. Personally, I have had considerable dealings with the English, and on the whole, I rather like them."

Judge Neill, in reviewing his three years' residence in the British Isles, expressed the belief that the British Empire would disintegrate when the Irish, Egyptians and Indians have succeeded in casting off the British yoke of imperialism. The Lord Mayor of Dublin, however, made it quite clear he wished to express no opinion in that regard.

Quiet, unassuming and gentle-voiced, the Lord Mayor became very earnest when asked what reaction had been produced in Ireland by the hunger-strike and death in Brixton Prison of Terence MacSwiney, Lord Mayor of Cork.

"In Ireland there are young men dying every week in the same cause for which MacSwiney gave his life," he said.

## ASK PUBLICATION OF SLACKER LIST

Legion Commanders Support War Department's Appeal

INDIANAPOLIS.—(By United Press.)—F. W. Galbraith, commander of American Legion, sent letters to all department commanders of Legion today, supporting the appeal of the war department for wide publicity of the "slacker lists" being issued by the department.

"Publication of the lists in newspapers throughout the country," is the only satisfactory means of protecting the innocent and punishing the guilty," Galbraith wrote. He added that he hoped all newspapers would take this view and would consider publication of the lists a means of clearing the names of those who were fully accused as well as ascertaining punishment of the guilty.

"That slacker lists contain names of men who honorably served the country in the time of its greatest peril only strengthens the conviction that the lists should be given widest publicity," the Legion commander declared.

"For half a century after the Civil War, thousands of veterans applying for pensions were found to be erroneously listed as deserters, a much embarrassment and hardship suited. The same situation will arise again unless the lists are clear immediately."

## FEW FINES PAID BY VIOLATORS

CHICAGO.—An analysis of administration of criminal statutes and ordinances in the city of Cincinnati is being made by Prof. Robert H. Gault, of Northwestern University, editor of the Journal of Criminal Law and Criminology. The work is being done under the auspices of the Trounstein Foundation. The analysis does not include study of felonies excepting incidentally. It covers all aspects of a misadministration affecting misdemeanors and police courts.

Prof. Gault has in hand all data relating to 1920 cases. The analysis has not been completed but it has gone so far that some leading factors are beginning to emerge.

"During the last two months, 1920 in Cincinnati approximately one half of all misdemeanors cases on the docket of the clerk of Municipal Court in that city were records of traffic violations. The great mass of these cases were violations of parking regulations, driving or standing at night without light, speeding, failure to stop at boulevard crossings, an like like.

"The opportunity for traffic violations will certainly not diminish in the years to go by," commented Prof. Gault. "More economic and effective means than have been found must be discovered for handling cases of this sort and I shall be something to say about that later."

## FUSION PLANS UP TO ASSEMBLY

Union of Presbyterians Sects is Sought

## SOUTHERN CHURCH ACTS

Each Would Retain Crsd But Unify Agencies

ST. LOUIS, Mo. — (By Associated Press) — A plan of union of all Presbyterian churches is set forth in a proposal to be made to the General Assembly of the Presbyterian Church in the United States (Southern), which opened here today.

The proposal, is the result of three years of conferences between committees of the United States, and

committees of other Presbyterian and Reformed Churches.

The proposition is titled the "Constitution of the Presbyterian Reformed Churches in America." Under it each constituent church would retain its autonomy in creed, government and worship, but would act "to further the redemptive work of Christ" thru "The United Assembly of the Presbyterian Reformed Churches in America."

The proposition will be considered at the respective general assemblies of the various Presbyterian denominations this year, delegates explain.

### TO UNIFY AGENCIES

The work of the United Assembly would include unification of the work of the missionary, educational and benevolent agencies of the various constituent bodies. The proposed assembly would "constitute a bond of union, peace and correspondence among all congregations and judicatories of the constituent churches," and would "be the declarative, and administration and judicial agency of the united body."

**MEET TWICE A YEAR**

The regular meetings of the proposed assembly would be biennially and its officers would include a moderator, vice-moderator, stated clerk and treasurer.

The membership of the proposed

assembly would consist of eight representatives from each of the constituent churches for each 100,000 communicants up to 300,000, and four for each 100,000 in excess of that number. The membership would be half ministers and half elders.

### WAGE CUT DECLINED.

MANCHESTER, England. — The executive committee of the Northern Counties Textile Federation has adopted a resolution declining to accept the employers' proposed thirty per cent cut in wages. Three hundred thousand operatives are involved.

BRYONVILLE, Fla. — Two negroes were killed and four others were wounded and a white man, L. C. Davis, of Somerville, Fla., was probably fatally wounded in a clash between negroes and whites over a collection of taxes.

# W. H. TAFT MAY SUCCEED WHITE

Leads List in Speculation on New Chief Justice

DAY IS ALSO MENTIONED

Hughes is Another Linked With High Court Position

WASHINGTON — (By Associated Press) — The choice of a successor to Edward Douglass White as chief justice of the United States, was one of the most widely discussed subjects today in official circles. Although the speculation centered chiefly about the name of former President William Howard Taft, there were many indications that President Harding was far from a decision and might find the selection a difficult one.

One of the first suggestions in private discussions among members of the senate which must confirm the nomination, was that Mr. Taft had disqualified himself by resigning when he was chief executive that no man over sixty years old should be appointed to the high court. He will be 64 years old in September.

DAY MENTIONED

All indications pointed to considerable delay in making the appointment. Mr. Taft is known to have been long under consideration by President Harding as a possible chief justice. Many of the former president's friends already have tried to bring influence to bear to have him appointed to the vacant chief justice ship.

Another whose name has been linked repeatedly with the highest judicial post is Secretary Hughes of the state department. A member of the court until he retired in 1916 to accept the Republican nomination of president.

LOCOMOTIVE CLUB WILL INITIATE 150 FRIDAY

Following a parade thru the downtown section Friday night, 150 new members will be initiated into the Lima Locomotive club.

The parade will form in front of the Locomotive club on E. North and move west to Elizabeth street, south on Elizabeth to Lin, east on Lin to Main street, and north on Main to North and disband.

Three bands have been secured to participate in the parade, and a number of floats are being prepared. Sam Baumgardner is chairman of the parade committee.

After the initiation at the club, the members will be entertained and refreshments will be served.

At present there are over 800 members in the club, and it is steadily expanding.

Gen. Kenneth Kerr orders all members of the club company to report at the fair grounds at 5:30 o'clock Friday night in full uniform. They will be in the Lima Locomotive club parade.

\$2,650,000 RECOMMENDED FOR MISSIONARY WORK

SPRINGFIELD — A budget of \$2,650,000 for the work in the foreign fields was recommended today by the secretariat conference of the Woman's Foreign Missionary Society of the Methodist Episcopal church. This recommendation will be acted upon at the general executive session to be held in Wichita, Kansas.

It was also announced today that two mission fields have been received for the next semi-annual secretariat conference. One comes from Mr. and Mrs. H. H. Klinefitt of Chester, Md. The other Grace Methodist church, Wilmington, Delaware.

The society received a gift of \$50,000 with which to carry on the work in foreign fields. The name of the donor is withheld. Seventy candidates for foreign service have been accepted although the society says 250 are needed.

## WILL PLAN ROADS NEWSPAPERS WARNED OF DRAFT DODGER NAMES

WASHINGTON — The war department today issued a statement, warning newspapers against accepting "misrepresentations" made by men whose names are on the draft deserter list and who wish to clear themselves, but are legally charged with desertion.

"Many cases will arise in which men whose names are on the published lists, will attempt to show by certain evidence which they may produce that their names should not have been listed," the statement said, and this misrepresentation made to those not familiar with the provisions of the selective service regulations, will succeed in inducing the newspapers to publish stories of their cases so worded as to clear themselves in public estimation and at the same time put the war department in the position of having published their names without just cause.

Commenting on the proposed conference, Commissioner Heineck said he fully believed the conference will help greatly in promoting plans for a better highway system, and will bring the cooperation which should exist between state and counties.

## FLAT IS ENTERED

Robbers Get Big Haul in Daylight Job

Burglars some time Wednesday afternoon ransacked the flat of W. S. Idle, in the Elizabeth apartments, and stole \$35 in cash, a diamond ring valued at \$80, a wrist watch valued at \$35, a new revolver and three other rings valued at \$50.

Mr. and Mrs. Idle were at work, and when they returned in the evening they found their flat had been entered.

Other people living in the apartment heard noises in Idle's flat during the afternoon, but thought that Mr. and Mrs. Idle had returned home early from their work.

Police investigated but have found no clue that might lead to the identity of the guilty parties.

## CHARGE SOLDIERS WITH LOOTING

French Deputy Accuses Many of Wholesale Thefts.

## AMERICAN OFFICER INVOLVED

Automobiles and Motorcycles Said To Be Missing.

(By Newton C. Parker)

PARIS (International News Service Staff Correspondent)—American officers and soldiers were guilty of wholesale looting in American supply camps, after they had been sold to the French Government following the armistice, Deputy Charles Vavasour charged in a lengthy speech in the Chamber of Deputies on the "American stocks scandal."

Vavasour alleged that 27,945 of the 72,150 automobiles sold to France by the United States government mysteriously disappeared before they were turned over and that of 20,970 motorcycles France purchased, only 2,987 were found when the American troops had come away. One American officer, he asserted, shipped home 1,500 motor cars and tons of other merchandise and other soldiers carried away truckloads of goods over the protests of French supervisors.

Vavasour demanded that the French government make immediate representations to Washington and ask for a reduction of the purchase price, \$400,000,000.

"I do not want to call in question

the good faith of the Washington Government or the honesty of the American people," he said, when several deputies protested against his accusations against American soldiers. "But I do want to point out the misdeeds of a few individuals and call attention at the same time to the laxity of French officials."

### AGREEMENT BROKEN

"When the French Government entered into conversation with the United States for the purchase of American supplies left in France, Judge Parker, representing the American Government, agreed in writing that from April 9, 1919, on, the United States would dispose of no more of the supplies without the consent of the French Government. Despite that agreement the Americans never ceased selling in wholesale and in retail lots."

"The French Government accepted the American inventory as scrupulously exact and without confirming it. The contract was signed August 1, 1919. In the months intervening the Americans continued to dispose of the supplies."

"U. S. RESERVES RIGHT" "In this contract the Americans reserved the right to remove material they had sold before August 1, as well as material for sale of which negotiations were in progress when the contract was signed. They also reserved the right to use any material they needed during the remainder of their stay in France and to take any goods needed by the troops in departing for America."

"But when the first French agents arrived about the 7th of August they were unable to take inventories. Certain subordinate American officers refused to permit them to examine the stocks and compelled them, if they desired to remain in the camps, to live in certain barracks and to obtain special permits before going out."

"DISORDER BASIS OF TROUBLE" "Furthermore, they found the greatest disorder, goods of all kinds and in such enormous quantities that one might have thought the Americans came to France to start a gigantic commercial enterprise. So

great was the disorder that when the French Government finally took charge and began to sell, buyers who thought they were purchasing type-writers, but actually containing bars of chocolate.

"At the camp of Saint-Sulpice, a regular robbery was carried on. Every day merchandise in enormous quantities was passed out and when one of the French representatives objected to the reserves made by the American Government in the tract. At the Gievres camp things were in such a mess that it took more than a year for us to complete an inventory."

"At this juncture another deputy interjected: "It was a sort of All Baba's cave, wasn't it?" "No," replied M. Vavasour. "There were only forty thieves in All Baba's cave."

## AH! EPSOM SALT LIKE LEMONADE

You can now buy epsom salts without the awful taste and nausea, by asking your druggist for a handy package of "Epsomade Salts" which looks and acts exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headachy or constipated. "Epsomade Salts" is the much talked of discovery of the American Epsom Association.

## TINY ALLEGHANY R. R. UNIQUE

Time Table Laughable, But Is Sensible Itself.

KANE, Pa.—(By International News Service).—One of the most unique time-tables issued by any railroad in the United States has just come from the printers and is now in effect.

The table was issued by the "Kushequa Route," the little mountain railroad belonging to Eliza K. Kane, prohibitionist and philosopher.

The "Kushequa Route" railroad is the only connection the town of Smethport, county seat of McKean County, has with the outside world. Smethport is a town of probably close to 5,000 inhabitants way back "no where about thirty-five miles from Bradford."

BETTER THAN NOTHING.  
The "Kushequa Route" isn't much of a railroad as railroads go, but it's better than nothing, the people of Smethport will tell you. It zig-zags down the mountainside from Smethport to Mt. Jewett, Pa.

It crosses the Buffalo, Rochester and Pittsburgh Railroad at Blacksville, Pa. Blacksville is a place where the Baltimore, Reading and Philadelphia flyers give one wild whoop and stop on signals for passengers off the "Kushequa Route," if there are any. NO TRAINS ON DRY DAYS.

But to go back to that time-table.

It has all the dignity and looks like those issued by full-grown railroads. It has the usual announcements. It has one unusual one. Across the top is the wording: "Time table No. 41. Fire season 1921."

Then in bolder type.

"No trains east of Kushequa on dry days."

Although the owner of the railroad is what might be characterized as a strong dry advocate, the reference to "dry days" in the time table of his railroad has nothing to do with the Volstead act.

The "Kushequa Route" passes through a large stretch of woods from one end of the line to the other. Every year up in the mountainsides there are many forest fires, some dangerous and costly.

The equipment of the "Kushequa Route" local is not modern and it has not been equipped with any of those "dog-gone" new fangled spark preventers. On the contrary, the little train toiling up the mountainside gives quite a correct imitation of a Mississippi River steamboat in a hot race, a Pittsburgh blast furnace in full eruption or the Denver and Rio Grande trying to haul a hefty Pullman train up soldiers' Summit. Naturally the sparks fly high, wide and wild.

Therefore no person along the "Kushequa Route" criticizes the railroad company's endeavor to prevent forest fires, but the suspension of train forest fires in a brand new one, even service out of fear of starting these to the natives of that locality, and the action of the railroad has attracted much attention.

## WHITE'S FUNERAL SATURDAY

Chief Justice to be Buried at Washington

BODY REMOVED TO HIS HOME

Death Casts Shadow Over the National Capital

WASHINGTON — (By Associated Press).—The death here early this morning of Edward Douglas White, veteran chief justice of the United States, cast a shadow of sorrow today over the national capital, where during his long years of service on the supreme bench, he had grown in the admiration and esteem not only of his official associates but of the entire community. Altho all hope for the chief justice's recovery following an operation last Friday had been abandoned since he took a critical turn for the worse two days ago, the news of his death, which occurred at two o'clock this morning, came as a shock to friends and associates.

The chief justice, who was 76 years old, had enjoyed rugged health up to the time he was forced to submit to the recent operation for bladder trouble and his record of attendance on the supreme bench was traditional.

At the bedside, when death came, were the wife of the chief justice; his two nieces, Miss Anna Montgomery and Miss Mary Lee Broussard, and the Rev. Father S. J. Creeden of Georgetown University, who had administered the last sacrament during the evening.

According to tentative funeral arrangements announced today by Frank K. Green, marshal of the supreme court, who has taken charge, interment will take place here in Oakhill cemetery, following simple services under the Catholic ritual to be held at St. Mathew's church at ten o'clock Saturday morning.

The body of the late chief justice was removed to his local residence today from the hospital where he died.

## RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenbur's, the sure computer of rheumatism, does not stop all agony, reduce swelling, soothe and do away with even the slightest twinge of rheumatic pains, he will gladly return your money without comment.

Allenbur's has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and pain was intense and vicious and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenbur's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur's decisively cures them of all their ailments, and he has instructed the Drug Stores, Enterprize Drug Store, Thompson's Drug Store, Interurban Drug Store, Public Drug Store to guarantee it in every instance.—ADV.

## Never Pinch Out Blackheads

Dissolve Them With Nerosin.

There is only one preparation sold exclusively for the instant removal of blackheads, without pinching or squeezing the flesh, and that is Nerosin. Try this powder (not a soap) on your wash cloth tonight and see how quickly the blackheads are dissolved. Nerosin powder in original package is to be found at any drug store and a package will last for some time.

If Wrinkles Are Coming Try This Home Made Cream

The skin can be brought back to its original plumpness and vigor by the following formula. An astonishing result is the quick disappearance of wrinkles, little and big crows' feet, and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of oil, obtained from your druggist. This takes years from your appearance, and is always sure and positive in its work if you will apply it liberally, every day.

And If the Hair Is Thinning

Strengthening and enlarging the roots of the hair is one of the real secrets of forcing hair to grow, something which has heretofore not been fully realized. Merely stimulating the surface tissue of the scalp will not stimulate the hair growth to its extent desired. By the new method just mentioned hair can be forced to grow several inches a month. Hair will stop falling as if by magic. The new vigor of the hair will be quickly noticed, and all bald spots will be soon entirely filled out with new sprouts. This can all be easily obtained by the simple use of beta-quinol, which can be secured at any drug store in the original one-ounce package. This can be mixed at home with a hair pint of bay rum and a half pint of water, or with witch hazel, if you prefer. It contains no oil whatever.

## How the Price of \$13.95 on 30x3½-inch Firestone Tires Was Made Possible

It is in this period of much-needed economy that the full benefit of Firestone's development can best be recognized.

The advantage of having two great individual plants has permitted specialization in the highest degree. Plant No. 1 is devoted to the production of Firestone cords—tires that are accepted as the highest development of tire building. Tire repair men who judge values best, class it as the sturdiest carcass made. Forty-seven car manufacturers have adopted Firestone cords as regular equipment during 1921.

Plant No. 2 was erected for the sole purpose of making 30x3½ Non-Skid fabric tires. With a daily capacity of 16,000

tires and 20,000 tubes, this plant permits refined production on a quantity basis. Its output was 13,700 tires per day during April.

It is such basic economies that enable Firestone to make a price of \$13.95 on this standard 30x3½ tire—the lowest price ever made on a standard tire.

Firestone dealers help make this \$13.95 price possible by accepting a smaller profit per sale on this fast selling tire.

We see today the fulfilling of what Firestone men have worked for—public support in soundly ratifying the Firestone standard of "Most Miles per Dollar."

# KARCH DENIES GUILT

Purchased For Park—  
Wapakoneta News

Wapakoneta — (Special) — Whitfield, Creedmoor, North Lima, and Guy Tennent, Celina, were arraigned on charges of holding up the Weber drug house here before Judge E. C. Karch Tuesday afternoon. The same charge, plead not guilty, and his trial is set for June 10. Whitfield and Tennent's trial is deferred.

According to Sheriff Bobment, a complete confession, stating the others charged with the crime is now in possession of all evidence, including pieces of Herbert Masonbrink, who is held as a material witness, and who is alleged to have instrumental in disposal of \$2,000 worth of diamonds stolen from the gamblers the night of the holdup.

E. Anderson, president of the Board of Commerce and trustee of persons, firms and corporations, purchased the old Home Mill site for \$2,265 for a park. The question of issuing the city to take over the site.

Several lots owned by the board of education on the north side of the highway here may be converted into a public playground.

A political pot has been in being to summer here. Under a provision of the law which requires the filing of candidates to be filed in advance of the primary, both parties are getting the early movement known.

The only movement known that said to be started by the President of Council W. Karch, to instate him as mayor.

# PURPERA TO TESTIFY IN HIS OWN DEFENSE

CLEVELAND — Louis Komer was to take the stand for the state today in the trial of Sam Purpera, charged with first degree murder of Wilfred C. Sly. Komer, who is awaiting trial for the same crime, testified last week against Frank Motto, another member of a bandit gang, who was convicted and sentenced to be electrocuted.

Purpera, who admits participating in the payroll robbery in which Sly was killed will take the stand in his own defense today, in an effort to break down the testimony of two women witnesses who yesterday swore they saw him fire the shots that killed Sly and G. K. Panner in a payroll robbery last December.

Mrs. Mary Purpera, mother of the bandit, may be the only other witness called by the state. Her testimony, it is said, will bear on the age of her son which the defense states is but seventeen.

## LIMA MAY SECURE GERMAN CANNON

Distribution Bill Before Senate Expected To Pass

OHIO WILL GET 6 PER CENT

Only Four States Gave More World War Soldiers

Assurances were received from Congressman John Cable by Mayor Burkhardt Thursday that the bill providing for distribution of captured German cannon is now before the Senate and will undoubtedly pass.

Congressman Cable's letter states that Ohio will receive about six per cent of the ordinance captured by the American forces. Distribution will be on basis of the number of men in service. Ohio stands fourth in the list, the number of captured ordnance being exceeded by those from New York, Pennsylvania and Illinois.

The government will pay freight charges from shipping point to destination. Lima is in line for one of the cannon.

If Lima obtains one of the big guns, it probably will be mounted in one of the parks. Council voted two weeks ago to leave matter of site for the cannon to the park committee. Recommendations in this regard will also be a fact from the American Legion.

DEMAND FOR STRAW HATS GREAT AS OLD SOL BEAMS

Straw hats bubbled forth in full bloom Thursday when the sun came out in mid-summer intensity.

Pattern dealers were busy all day Thursday with the annual rush for straw hats. A few dealers said that at the warm weather continues through the week, the majority of the trade will be supplied by Saturday.

Several new models are being shown this season. Prices are considerably lower than they were last year.

## MAN REPORTED SHOT AND ROBBED SUFFERING ONLY SLIGHT CUT ON HIS HEAD

John Novak, residing at the corner of Lake-st and Atlantic-ave, was recovering at the City hospital Thursday from a gash on his head believed by police to have been inflicted by a man by the name of Stanley Vonnorok, of Detroit, who has been visiting recently in Lima.

Police were notified shortly after midnight of a shooting fray at the corner of Lake-st and Atlantic-ave in front of Novak's home. Capt. Dawson and Detective Crisberry and Kipper responded, but all was quiet when they arrived.

In the meantime Joe Caskey, of 213 S. Main-st, carried Novak to the corner of Main and Vine-st where they were met by Patrolmen James and Landfair.

An ambulance was called and removed Novak to the hospital.

Caskey told police that Vonnorok lived at the Erie hotel. A search of the place proved fruitless, and employees stated that they did not know a roomer by that name.

Dr. J. B. Poling said Thursday that Novak's injury is slight and that he will be able to leave the hospital in a short time.

Reports circulated that Novak was shot thru the head are erroneous. The injury looks as if it was inflicted by a club.

He was not robbed, and police say and they know of no motive for the attack.

TRUCK LOAD OF WHISKEY IS SEIZED IN HOLDUP

CINCINNATI—Eight men carrying revolvers today participated in the holdup of express truck loaded with 210 cases of whiskey. The truck was proceeding along Queen City-ave when a touring car containing the robbers sped out of a side street and blocked the progress of the truck. They leaped out of the machine, pointed their revolvers at the driver of the vehicle and a guard, and made them dismount with hands above their heads. They were forced into the touring car and were driven away by two of the men. The remainder boarded the truck and drove away. The entire robbery occupied less than five minutes.

## SEWER LINES ARE MADE SHORTER

Change Will Prevent Tearing Up of Paved Streets

Conference held today between Service Director Elmer McClain, F. J. McClintock and J. K. Gesev, on preliminary plans for intercepting sewers, designed to free the river of filth, resulted in shortening of the proposed lines.

Director McClain, the two engineers and Ellis Jones inspected the river banks, and route of the sewer during the afternoon, and found that the line could be shortened in

several places by following the river bank, instead of going down streets.

By following the river bank, the tearing up of several paved streets will be eliminated. Original plans contemplated following Market-st to Central, turning south and west to Union where the pipe is siphoned to the south side of the river. This section will be cut out and the sewer brought straight down stream to Union and then shot over to the opposite shore.

On the south side it was found necessary to run the line down a portion of S. Main-st. Wherever it can be done, engineers are following the river, and unpaved streets. The sewer will recross the river at Metcalf-st and will also bisect the island south of Fauror park.

THERE WILL BE A LIMITED AMOUNT OF COKE FOR SALE TO THE CITIZENS OF LIMA NEXT MONDAY.

## C. B. CURTIS DIES

Aged Resident of Lima Victim of Complications

Charles B. Curtis, 74, retired real estate dealer, died at his home, 603 W. Spring-st, Wednesday evening at 8:40 o'clock. Death was due to a complication of diseases. He had been ill since Easter.

Curtis, who resided at Metcalf and Spring-sts, had been a resident there 50 years. He was born in Lima and had always lived here. Besides the widow, he is survived by a daughter, Mrs. H. J. Work, residing at the family home, and a sister, Mrs. B. A. Burkhardt, Cleveland.

Funeral services will be held Friday at 2 p. m. at the residence, conducted by the Rev. J. M. Mills. Interment will be at Woodlawn. Curtis was among the well-known older residents of the city and his long residence here gave him a large acquaintance.

## MOTHER POSSUM AND BABIES AT CITY PARK

The menagerie at Fauror park was augmented Thursday by donation of a mother opossum, and a family of eight, presented to the park by Ralph Fraunfelder, 15, Allentown.

Ralph discovered the mother and her little ones crossing a bridge some days ago. There were nine young ones at the time, but one has died since.

Service Director Elmer McClain went to Allentown to get the opossum family, and they are now at home in city park, and will delight the children of Lima with their antics during the summer.

## HIGH SCHOOL SENATE HOLDS FINAL MEETING

Central High school Senate an open meeting before the school, Thursday afternoon. Senate debated the question solved that the coal mines should be controlled by the government.

Senators Dunn and Crawford debated the affirmative with J. and Kerr, the negative. This was the final debate Senate this year. The Senate modeled after the U. S. Senate holds meetings and debates throughout the school year. Steele, president of the Senate, died.

## NEEDS OF CHURCH POINTED OUT

Baptist Convention In Session  
Here Comes to Close

NEXT MEET AT CLEVELAND

Delegates Express Thanks To  
Churches for Hospitality

Our outlook upon the world shows us the work we have done, the work we must do and the work the denominations are doing. Rev. H. P. Stilwell, Cleveland, delivered the address "Our Baptist Outlook" at the final session of the Ohio Baptist Convention Thursday morning. Rev. Stilwell showed the work of the church in its entirety and pointed out future needs and opportunities. Other speakers on the program were Rev. T. J. Villers, Detroit, who spoke on "Our Baptist Heritage" and Rev. J. F. Herget, Cincinnati, who delivered the devotional address "The Lordship of the Holy Spirit." Cleveland was chosen as the next convention city after the report of the Committee on Next Session. The

meetings will be held in the First Baptist church of that city. ADDRESSES DELIVERED. Wednesday was Young Peoples' day at the Convention. Conferences began at 3:30 and continued thru a luncheon into the evening meeting. At the night session Rev. T. J. Villers and Rev. H. W. Vincent delivered inspirational addresses applicable both to the young people and to the older members of the church. Rev. Villers is a noted evangelist and his address "The Laymen in Evangelism" was full of ideas for the furthering of Christian work thru the church members. Methods of work were outlined by Rev. Vincent in his address "Projectiles of the Cross."

Over 450 delegates were present at the different sessions of the convention and all declared that this year's meetings were extremely helpful. Resolutions were adopted thanking the members of the local Baptist churches for the splendid hospitality shown the visitors.

### MEMORIAL SERVICES TO BE HELD HERE SUNDAY

### Do Your Frocks Reflect Your Personality?

If often happens that you see a perfectly charming miss or young woman robbed of all her loveliness by the gown she is wearing.

And then, again, you have looked in amazement at someone who seemed suddenly glorified by a particular frock she had on, someone whom you had scarcely ever noticed before. Why can't every girl and young woman find that sort of dress?

She can!

We know that among the Blueum dresses that are shown at our store there are at least a half dozen suitable to every type of personality. These frocks have been created with great art and skill after a most unusual conception—Youth. Youth with its grace, its lightness of heart, its dainty exquisiteness. Your frock is among them. Somewhere among our line of misses' and young women's dresses you will find that individual frock which will adequately express your own individuality and charm.

The materials are Swiss organdies, dainty dotted Swiss, youthful gingham, and captivating novelties.

We have aimed at versatility in choosing our assortment, and believe that we have one or more of irresistible charm which will accentuate your attractiveness.

May we show you YOURS?

## SOUTH WINNER IN TYPIST RACES

Winners in Second Annual Contest Go To Students

South HI typists won four out of the five typewriting contests held Wednesday night at Central HI school, under the auspices of the commercial department of Central HI.

South won the team contest for students who have had two year's instruction, both school individual contests and first place in the free-for-all contest that was opened to any typist in the city.

Central won the team contest for students having one year instruction. The Central winning team was composed of Margaret Stump, George Conrad, James Backus, Nell Lambert, and Zara McComb.

Florence Niles, South, won the individual contest for students having one year instruction. Nell Lambert, Central, finished second. Ruby Rothlisberger, who won the free for all, also won the individual contest for students that have studied two years.

The free for all was the big contest of the evening with fourteen typists entered. Miss Rothlisberger averaged sixty-nine words a minute. Hope Hollister, Central, finished second in this contest.

First prize for the free-for-all was a silver loving cup presented by the Chamber of Commerce. Second prize was \$10 in gold presented by the Manufacturing Association.

For the other contests Central HI presented prizes of silver loving cups to the victorious teams and \$5 in gold to the two individual winners. Second prizes of \$2.50 were given in the individual contests.

This was the second annual typewriting contest and was a big success. Judges were: Walter Scott, court stenographer, Miss Florence Dorsey, teacher at Lima Business College, Miss Boneta Jamison, teacher at South HI, Miss Grace Busick, secretary to Superintendent J. E. Collins, J. L. Laughlin, Lima Locomotive Works and Mrs. J. L. Laughlin.

## BOOKS DAMAGED

Librarian Says Public Is Growing Careless Here

Many patrons of the Lima public library are either maliciously or carelessly mutilating books taken out to read, said Martha Gamble, librarian, Thursday.

Pages of the books come back with holes in them and some of the leaves are torn out; others have the corners clipped or turned in, she said.

Many persons who are mutilating books, do not know that it is a penal offense, the librarian said.

Rebinding of volumes in the library costs considerable money each year, and the expense would be greater but for the fact that damaged books are repaired by the librarian and her assistants. Two days a week are devoted to this work. The average life of a novel is 50 to 60 readings, it was stated.

## VATICAN DEFENSE IS SAFEGUARDED

Pope In Dilemma Over Need of Guard Commander.

By EDWARD C. STRUTT  
ROME — (International News Service Staff Correspondent)—Colonel Repond, commander of the Pope's Swiss Guard, has resigned and the announcement was made in a quiet way in Vatican circles, as it is most unusual indeed, I believe.

unprecedented, for a commander of the Swiss Guard to abandon his post, which is considered a life-long appointment. Up till the Pontificate of Pius X, two Swiss families, the Barons Meyer von Schauensee and Pfyffer von Altshofen, used to alternate in the command, and this lasted for several centuries.

But when Baron Leopold Meyer von Schauensee died, the Pope found himself at a loss to appoint his successor. In fact, Baron Pfyffer von Altshofen, on whom by an ancient right his choice should have fallen, had long since abandoned the Vatican world for the world of business, in which he has proved eminently successful, being closely connected with the Ritz Hotel in London and with the Hotel Excelsior in Rome.

The late Baron Meyer von Schauensee's eldest son, known in Roman and cosmopolitan society as "Baron Fritz," was equally ineligible, being a well-known "man about town," who, by the way, has married an American wife.

RETIRED SWISS APPOINTED  
Pius X then decided to confer the command of his Swiss Guards on a retired officer of the Swiss Army, Colonel Repond, who at once started to reorganize the corps in a truly military spirit. Discipline was very lax among the gaudily uniformed guard (they still wear varicolored uniforms, in which yellow, black and red predominate—supposed to have been designed by Michelangelo) they were very seldom drilled, and when not on duty at the Bronze Gate or in the Papal apartments, always picturesque with their long halberds, their time was spent within the Vatican walls and around the Swiss Tavern, famous for its excellent white wines. With the advent of Colonel Repond, a change came over the spirit of their work. The new commander was determined to transform this purely ornamental corps into a thoroughly efficient military unit and in a certain measure he succeeded.

DISCARD OLD GUNS  
Colonel Repond began his work of reform by discarding the useless old rifles with which the Swiss Guards were armed, replacing them with the most modern weapons. There are spacious lawns and fields within the Vatican enclosure, and here Colonel Repond established a rifle range, where his men had an opportunity of confirming their traditional skill in shooting. Pius X was rather annoyed, at the racket when it first started, altho only a faint echo pierced the massive walls of the Apostolic Palaces, but he soon got accustomed to it and used to joke mildly about the new commander's military zeal. A regular martinet for discipline, Colonel Repond almost drilled his easy-going subordinates off their feet, and at one time something like a mutiny threatened. Many of the men left in disgust, and fresh recruits had to be summoned from Switzerland to take their places.

FORTRESS OF THE VATICAN  
Colonel Repond's fixed idea was that the Vatican must be placed, so far as possible, in an efficient state of defense, and in view of the pres-

ent stormy times and communist outbreaks, he is perhaps not far wrong. In spite of the Italian Government's vigilance, nothing would be easier than a surprise attack by a handful of desperadoes, and most tragic consequences might ensue before help arrived, if the Vatican were not able to defend itself against a first rush. It is extremely unlikely that such a thing should happen, but Colonel Repond, not wishing to take any chances, has drawn up a carefully devised defensive plan by which the Swiss Guard, together with the Papal Guard, armed with modern rifles and machine guns, could hold the Vatican without difficulty at least for some time.

Pope Benedict XV, who entertains the greatest esteem and affection for Colonel Repond, has vainly tried to induce him to reconsider his decision, but the commander, pleading ill health and fatigue, remains firm in his resignation stand. The Holy Father is now greatly embarrassed to find a worthy successor to this zealous and very capable officer.

## FRENCH PREMIER STANDS PAT

Still Opposes Lloyd-George in Silesian Dispute

HE, TOO, FIRM FOR TREATY

Demands Pact Execution in Drawing Frontier Line

PARIS — (By Associated Press) France insists upon the execution

of the Versailles treaty in drawing the frontier lines between Germany and Poland in Upper Silesia. Premier Briand declared last night upon receiving newspaper correspondents. He reiterated statements he made to the newspaper men last Saturday, when, answering the address of Prime Minister Lloyd-George before the house of commons on Friday, he declared that invasion of Silesia by German troops would not be tolerated by France.

M. Briand said he did not see the desirability of meeting Lloyd-George before all the documents relating to the Silesian plebiscite had been received from the inter-allied commission at Oppeln. The premier, whose statement was considered as an indication of the trend his impending address in the chamber of deputies would take, said:

### VIEWS UNCHANGED

"I have nothing to say except to maintain strictly my viewpoint that France in all this controversy places herself on the sole ground of the Versailles treaty. There is no other basis of discussion possible. On the other hand, France and England can converse only as equals, and Mr. Lloyd-George, himself, will agree to this when the misunderstanding is dispelled."

"I, too, want to see the treaty carried out," said the premier to the correspondent of the London Daily Mail, "but there is nothing in the treaty which stipulates that all the rich mining districts in Silesia must go to the Germans, while the Poles will get what is left. I do not wish to enter into any controversy with Mr. Lloyd-George, and I stand by what I said to your correspondents last Saturday."

The premier's statement may have been elicited by declarations made by Prime Minister Lloyd-George in London yesterday, in which the prime minister asserted that the settlement of the Silesian question must be settled by the allies, and not by Adalbert Korfanty, Polish insurgent leader, who recently has taken over virtually all of Upper Silesia.

vened today after a recess of three weeks, the Briand cabinet was expected to be the center of a concerted attack. Friends of the minister asserted it would receive a great majority when the question of a vote of confidence was put, but its opponents declared there would be no such majority of 434 to 29 which was given M. Briand before he went to London to participate in the meeting of the supreme allied council that sent the reparations ultimatum to the German government.

### DIRECT TREATMENT OF RHINITIS

The other day I told of the hygienic measures which are essential in the management of simple chronic rhinitis. Today I am describing such direct or local treatment as, in my judgement, individual with rhinitis may apply himself or have applied by a parent, in the case of a child. This is not to be considered treatment for "catarrh."

Twice daily the nasal passages should be freely and repeatedly washed with a non-irritant solution in the case of an infant or very young child irrigation is perhaps preferable; for those over four years of age, a spray may be used.

The nasal cavity is irrigated thus: Place the child on bed, couch or pillow, on one side, with the face looking downward and the head lower than the shoulders. Insert the blunt end of the upper nostril, and allow the solution to flow into the nose from two feet above the child's head. The solution will come out from the other nostril and may be allowed to run into a basin on the floor or a chair. Half a pint of solution may be used each time. The child soon learns to hold the throat in such position that none of the solution enters the throat, and likewise the child soon finds that there is nothing unpleasant about the irrigation. The solution should always be about blood warmth, and never anything else than physiological salt solution unless by order of the physician. Physiological salt solution consists simply of a rounded tablespoonful of salt dissolved in a pint of water that has been boiled.

For spraying the nose a No. 18 De-Vilbiss atomizer is best. Half fill one of the bottles with physiological salt solution. Half fill the other with Alkaline Antiseptic Solution (National Formulary)—any druggist can prepare this in any quantity desired. Have the solution about blood warmth when used. Place the tip of the atomizer in or against the nostril holding the head erect, and direct the spray straight backward, not upward. Vigorously pump the bulb half a dozen times. Then quickly set down the atomizer, hold the throat in the position of K in the work hike while you throw the head well backward and shake it from side to side and then forward again before finishing. In the case of an infant or very young child, the cavity at all points. Now gently blow it out on the handkerchief or toilet paper without grasping nose with fingers and repeat the maneuver on the other side. The physiological salt solution should be used first, for a few days. Then the alkaline solution may be used once a day following it.

When these solutions have been used for a week or two, if stuffiness and excessive nasal discharge continue it is a good plan to follow the washing with a pleasant stimulating oily spray, such as this:

Thymol ..... 5 grains  
Menthol ..... 10 grains  
Eucalyptol ..... 10 grains  
Oil of cubeb ..... 40 drops  
Oil of rose ..... 4 drops  
Liquor petrolatum ..... 3 ounces  
(Since one ounce of this lasts a long time the druggist may prepare one-third of the quantity in the formula, if desired.)

Place one ounce in one of the bottles of the atomizer and spray the nose once a day following the cleansing spray.

It appeals to people of refined taste—Blue Devil Cleanser.

### PERSHING IS APPOINTED

**A**merican people generally and ex-service men in particular, heartily approve of the action of Secretary of War Weeks in appointing General Pershing as chief of staff of the United States army.

Reaction from the war is still upon us. We are passing thru a difficult period of transition. Now is a good time to apply the lessons of our experience.

It is unlikely that there is another man in the army who is better equipped for such service than is General Pershing. It was Pershing who organized our army for work in the field in Europe. He disclosed unusual executive ability, to say nothing of creative ideas that were highly essential in his work over there. Due to the fact that the war came to an end before plans begun were fully matured, America's organization was incomplete when the struggle ended, altho our armies did a glorious service on foreign fields. There is now ample opportunity for General Pershing to work out to the fullest measure the plans he contemplated in Europe.

Pershing's appointment, we like to believe, is above politics of civilian life or the army. It will give confidence and stability to army work. The people and the men in the army know Pershing. They trust him. He won fame for America in the world war and also merited a great measure of fame for himself.

America cannot conceive the name of Pershing in any connection other than that of with our army. His recognition in an important manner in time of peace meets with general approval and there is a sentiment that he will prove his worth in peace as he did in war.

### POMERENE'S POSITION

**U**nited States Senator Atlee Pomerene of Ohio, has taken the proper position in standing out against legislation that might be offered to authorize acceptance of German reparations bonds from the allies in satisfaction of indebtedness to the United States.

As a member of the Senate Foreign Relations committee, Senator Pomerene is in a position to command at least a respectful hearing from the G. O. P. Congress in this important matter. The Ohioan holds that if the German bonds are a good thing for us, as Europe appears to believe, they will be quite as good for our allies. And on the other hand, if they are a bad thing for our allies, they will be equally bad for us.

It is reasonable to believe that Americans generally share the opinion of Pomerene that we should not take any of these bonds in exchange for the indebtedness of our allies to us. The allies have the opportunity of discounting them and paying off at least a part of their indebtedness to us in cash.

### BILL HAYWOOD AGAIN

**L**ATEST advices from Russia—the land of the unwashed idealist who has found that the idealism that is expressed in bolshevism does not feed and clothe hungry bodies nor yet bring peace and happiness—is that Big Bill Haywood is to hurry back to America soon and

face the consequences of his wrong-doing in inciting force against his country in time of war.

When it first became known that Haywood had slipped out of the country and left his bondsmen in bad, there was a feeling of resentment, but after soberly thinking it over, America did not seem to care much about it. In fact, it was felt that if he could be any happier in Russia, he should stay there. Now that he has announced his return as an event of the near future, really it is a time for sincere regret.

Haywood has not been in Russia long, but probably a sufficient length of time to arrive at the conclusion, after looking about, that it is a mighty good place to get away from as quickly as possible. His experience has probably been that of Emma Goldman and Alexander Berkman. Emma doesn't dare come back. The gate of entry is closed to her. She is quoted as having said that she would rather be in jail in the United States than have her freedom in Russia. And Berkman feels much the same about his enforced sojourn in the land of the idealists that is anything but ideal.

Individually and collectively, here in America we are glad that Alexander and Emma and many others of their ilk are in Russia to stay and we are sorry that Bill Haywood has an opportunity to return.

### HOW MUCH DID YOU SAVE?

**T**HE people of this driest of all dry countries saved a thousand million dollars during the first year of prohibition. The Anti-Saloon League makes the statement. How much of that enormous sum have you, dear reader, "salted" away in the savings bank?

Official figures show that the quantity of liquor sold was much less than during the same length of time when the country was wet. Official figures deal only with liquor sold thru legitimate channels. They show none of the millions spent for bootleg brands, moonshine and ingredients which millions of persons bought to manufacture their own booze at home. It would be interesting if someone could compile figures to show the amount paid for illicit poison at the rate of \$10 and \$15 a quart.

### MME. CURIE'S AID TO SCIENCE

**R**ECOGNIZED as the world's greatest woman scientist, Mme. Curie is now in the United States. This retiring and modest contributor to the world's greatest progress along scientific lines is accompanied by her two daughters.

She came to America to receive from the hands of President Harding a gram of radium purchased with \$100,000 subscribed by Americans thru a fund raised by women of this country. The significance of the gift is better appreciated when it is understood that there is but five ounces, or 141 grams of radium in the entire world.

Mme. Curie is the co-discoverer of radium, which has demonstrated its great value in the treatment of cancer.

A retired police inspector, telling of times in New York city fifty years ago, says:

"The use of weapons on the part of criminals was rare in my day. Neither did the police have to contend with a criminal class that was filled with narcotics as it is claimed most of our modern criminals are. Gun play and narcotics was unknown. The police seldom, if ever, found it necessary to use their revolvers or nightsticks."—Brooklyn Standard-Union.

# PARTY IS ENJOYED BY TOTS

In celebration of the third birthday anniversary of her little daughter, Mary Jane, Mrs. Roy B. Gregg entertained a number of little folks and their mothers at a very enjoyable gathering at her home on S. Cole-st. Thursday. Games and various amusements were presented for the pleasure of the little guests throughout the afternoon and at 4 o'clock they were invited into the dining room where a dainty lunch was served by the hostess assisted by Mrs. R. T. Gregg. The table was prettily decorated with spring flowers and centering it was a large birthday cake holding three lighted pink candles.

Little Mary Jane's guests included: Catherine Carnes, Joan Schoonover, Betty Rose Koller, Kathleen Gayer, Kathryn Blum, Kinsely, Harriet Louise Solomon, Carolyn Wilson, Patricia McHaffey, Freda Reinz, James Brady, Henry Kiddor, Jack Schomover, Jack Davidson, Billie Seils, Julius Solomon, Jr., Duncan McDonald, Bobby Kominick, Paul Jacob Stueber, Dr. Billie Reinz and Tommy Gregg.

Mrs. T. R. Thomas opened her attractive home on State-st. Wednesday for the May meeting of the Missionary Society of Market-st. Presbyterian church. Mrs. Fred Beam and a number of members of the Young Ladies' Society assisted throughout the afternoon.

Mrs. R. T. Gregg recited and opened the afternoon meeting with a short prayer after which all joined in singing a favorite hymn. Reports of the April meeting were given and Miss Frances Metzger gave a report on the pledge cards. Mrs. Samuel Huecker led in the devotionals and Mrs. J. E. Summers gave a report of the Presbyterian meeting held a short time ago.

Miss Nell Pursell favored with a group of three piano selections showing much skill for so young a performer. Mrs. John Carnes sang a most unusual sacred number with Mrs. Ralph Shriver playing the accompaniment. Mrs. H. C. Taylor gave a resume of addresses at the recent conference with excerpts from the various speakers.

Mrs. Roy Gregg announced the following as members of the program committee for the year: Mrs. Luah M. Butler, Mrs. Roy Banta and Mrs. Samuel Huecker. As a result of an appeal by Miss Eunice Trumbo for aid in repairing and making garments for needy children, work was given out and rapidly completed during the presentation of the program. Members voted unanimously to continue the work at the future meetings. Interesting information regarding the million and a half Spanish speaking people of the United States was given by Mrs. W. J. Galvin. Mrs. Grace Hoyer and Mrs. W. A. Campbell. During the social hour which followed, tea was served. Mrs. Huncker and Mrs. Gregg pouring in the flower decked dining room.

The June meeting will be an outdoor affair while the July meeting will be in the form of College Girls' Day.

Woman's Auxiliary of Christ Episcopal church will meet with Miss King, 127 N. Collet-st. Friday at 2:30 p. m. Mrs. N. W. Cantigny, Mrs. Charles Stevens and Mrs. Fred Seymour will give readings and Mrs. Walter Scott will favor with several musical selections. All members of the church are cordially invited.

## DAUGHTER OF FORMER CHICAGOAN MARRIES VICOMTE IN ENGLAND

Vicomte Jacques de Sibour and his bride, nee Violette Selfridge, photographed outside Landsdowne House, London, after the wedding. Violette Selfridge, beautiful daughter of Gordon Selfridge, Chicago millionaire and owner of large department stores in London and this country, recently became the bride of Vicomte Jacques de Sibour at Brompton Oratory. Prominent Americans in England and members of the British nobility attended the wedding.

Members of the Floral Guild enjoyed a very pleasant afternoon with Mrs. J. W. Bogart, S. Scott-st. Wednesday with Mrs. Joseph Robertson and Mrs. Ernest Kraft as assistant hostesses. The rooms were very attractive with spring flowers.

Members responded to roll call with Biblical quotations and character descriptions and during the business meeting six bouquets were reported sent to City hospital during the month of April. Mrs. J. W. Blackburn gave a splendid report of a bake sale held recently and Mrs. S. G. Parks was admitted as a new member. A social hour followed the business session and a delicious lunch was served by the hostesses.

Guests other than members included Mrs. E. H. Dates, Mrs. W. W. Ballard, Mrs. A. J. Jackson, Mrs. Emeline Wheelock.

June meeting will be held with Mrs. R. P. Jones, W. Spring-st.

Miss Edith Shilvorder was hostess to the members of the Avon club at her home on E. High-st. Wednesday evening. The main feature of the evening was the election of officers which resulted in the reelection of the following officers for the coming six months: Miss Bernice Wallburg, president; Miss Edna Black, secretary and Miss Rachael Shilvorder, treasurer. Miss Henrietta Whirl was chosen press reporter. Social chat and music followed the business session and in a clever contest Misses Bernice and Marian Wallburg were successful. A dainty lunch was served by the hostess after which the club adjourned to meet in two weeks with Miss Rachael Shilvorder, E. High-st.

Mrs. Merle Turry and son Glen Baker, eldorado, are visiting friends and relatives in this city for several days.

Mrs. John Souenfield and children will leave the latter part of the week for Boston, Mass., where they will visit for several months with Mrs. Souenfield's parents.

## OH, GIRLS! HERE'S NEW IDEA SURE

Well, Well, Well! What'll the women think of next? You'd imagine they had discovered enough fads and fancies to keep them busy for a while. Yet some nice enterprising young lady in New York, with a sure eye for business and a never-failing knowledge of women's weakness for anything that will enhance her beauty, has gone and done it.

False eye-lashes! My dears, your worries are over, if by any chance you have long bewailed the fact that your flickers were not as you would like to have 'em. All you have to do now is to snip off a sample of your hair, and be it black, brown, blonde or red, you can have your new eyelashes made to order, guaranteed to match in color and texture your own hair. Isn't invention grand? We'll say it is!

The false lashes are attached to a tissue-thin, colorless substance that is then attached to the eyelid by the application of a special glue or adhesive that keeps 'em on indefinitely. They say that if the job is done artistically, the false lashes can hardly be detected.

For evening wear, they're going to be mighty popular. Just imagine a sweet, coy young thing, with beautiful eyes surrounded by long, thick, curling eye lashes, just like Mary Pickford's own.

A woman is as old as she looks, you know, and if she thinks she will look nicer and more like her high-school daughter by appearing in sweeping eye-lashes, why she's welcome to 'em. She might as well wear them, for ninety-nine out of a hundred so-called 'beautiful' women have false hair and false teeth, so a few more 'falsies' more or less makes no never mind.

So, young man, if you have about your sweetie's won-a-dah-ful orbs, that peep out from under won-a-dah-ful lashes, be not so sure that they're nature's own. They might be the product of a beauty shop-glued on. Vaseline may be all right as a grower of eyelashes, but it'll never in the world grow them like these new ones. And, dear people, they are not a product to be confined to New York alone. Oh, no, indeed! Information gleaned from several local beauty shops discloses the fact that Lima queens are right on deck and have been prompt in leaving samples of their locks.

They'll be stepping out one of these bright days, all beautiful 'n' every thing.

Let's sit back now and see what the dear things will think of next. Don't know what it could be, do you, unless it'll be false faces.

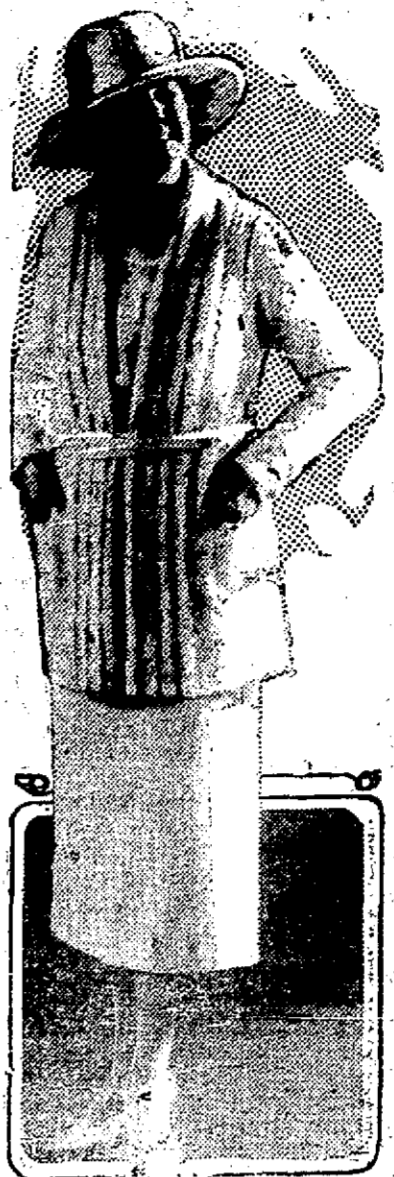

Misses Bess Sharpley, Marian Dunn, Dorothy Collins, Margaret Graham, Edward Hitz, Ralph P. Mackenzie, Eugenia Mitchell, Crist James Tague and Gould Bull composed a party who motored to Wapakoneta Wednesday evening for dinner.

Corporal Braun of the Walter Reed hospital, Washington, D. C., who accompanied Sergeant Enos E. Justice to this city and has been visiting with Mr. and Mrs. H. E. Mowery, Fairview-ave for the past week returned to Washington Thursday.

Mr. and Mrs. Philip Miller, Mendon, are visiting Mrs. Miller's sons, J. P. Edmiston, W. North-st. and Corbett Edmiston, Holly-st.

Mr. and Mrs. Carl J. Distilrath and son Henry, were the guests of Mr. Distilrath's sister, Mrs. J. P. Edmiston, W. North-st. Tuesday.

## WHITE FLANNEL IS SMARTEST FABRIC FOR SPORTS WEAR

By ELOISE

THE sports suit made on tailored lines is the most popular garment in midday's wardrobe at present. Tweeds, homespins, jerseys and many mixtures are being worn. Over the Easter holidays Atlantic City fairly teemed with Hardening blue tweeds and jerseys made on the tailored lines. Smart little sailors and soft brimmed sports hats to match were also worn. Despite the popularity of the blue suits there is nothing which will ever surpass the white flannels for sports wear.

Here is an exquisitely tailored model developed in a fine white English flannel. It is a becoming style made with a tuxedo jacket. The collar is of brushed wool with black stripes. Pockets and a narrow crossed belt form the only trimming touches. Here a black and white straw and silk hat completes the costume, but any brilliant shade such as cherry, green or orange would be quite stunning with a white suit.

Mr. and Mrs. Clayton Paine, received a group of friends at their home Wednesday for an evening of cards. The rooms were very artistically decorated with baskets of red roses. At the conclusion of an enjoyable evening of play with Mrs. Lee Faurot and Charles Preston holding high score and H. A. Crider holding low score, the hostess served a dainty repast.

Guests included Mr. and Mrs. Howard Fletcher, Mr. and Mrs. Austin Potter, Mr. and Mrs. Lee Faurot, Dr. and Mrs. Charles Preston, Mr. and Mrs. E. A. Sifred and Mr. and Mrs. H. A. Crider.

Last meeting of the year of the Triomphe Euchre club was held with Mrs. D. F. O'Connor at her home on W. Wayne-st. Wednesday. At the conclusion of play with Mrs. J. M. Madigan and Mrs. Vincent Connelly holding high score, the hostess served a delicious lunch.

To Mend Broken Stove—A stove that is cracked can be made smooth on the surface, even tho the crack is quite broad. Make a cement with egg, the yolk and white beaten together; a teaspoon of stove polish (the powdered kind); work into a paste with finely sifted coal ashes. This will also cover holes in stovepipe. The egg cooks, making a cement strong and hard as the stove itself. When perfectly dry it can be polished.

## HAS BAD TEMPER, GIRL IS SORRY

Has Estranged Her From Friend Twice  
Is Advised to Curb It in the Future to Insure Happiness  
Difference Between Legal and National Holidays Is Explained

I AM a girl 19 years old. I kept company with a young man for several months and we were very fond of each other. I regret to say that I have a very bad temper and one time this man and I quarreled. I guess I demonstrated my temper at that time. I wrote him a note, however, and asked for his forgiveness. He pardoned me and we went together again. Several weeks ago he made a little remark which didn't amount to much, but which made me very angry at the time. I lost my temper again and since then he has not called me. I feel blue and I can't help but cry almost every night. What would you advise me to do? I care so much for this man.

DISCOURAGED.  
DON'T feel discouraged. We all have tempers and we wouldn't be human beings if we didn't "demonstrate" them once in a while. Of course, some are possessed of worse tempers than others. Determine that you will not permit yours to get the better of you. Make up your mind that you will be master of yourself and of your temper in the future.

When a quarrel is due wholly or in part to any fault or unreasonable attitude of yours, you, of course, should always be willing to acknowledge the fact, and ask forgiveness as you did following your "first quarrel." You cannot expect your friend to make the first move toward a reconciliation when you admit that you are one chiefly at fault.

Remember that there will, doubtless, be many times when any one or all of your friends may displease you—just in some little thing which may not amount to anything, but which may at the time provoke or displease you. However, if you desire to have lasting and enduring friendships you will have to overlook these annoyances and refuse to let them lead to quarrels. Remember that you have your faults—just as many as they and that you may also do things which displease them.

Try in the future to overcome this fault. It is a very disagreeable trait and one which will cause you the loss of many dear and sacred friendships. You can readily see that if you quarrel repeatedly with your friends, the time may come when an apology or any other effort on your part will not be able to bring a renewal of friendship.

Just as soon as the opportunity offers itself, ask the young man to accept your apology a second time. Perhaps it might be well for you to drop him a little note, providing you are very certain that his regard for you is strong and that he values your friendship. Tell him that you are going to try in the future to overcome your quick temper and that you have resolved never to permit it to interfere with your friendship.

Dear Miss Smart:

(1) What is good for a baby when it is cutting its teeth? (2) What is good to clean white kid slippers with? (3) When do you think times will get better and the men will go back to work? (4) Is sugar of lead good to wash stamped goods with so it will hold its color?

PNXA.

(1) Consult a physician. (2) A regular polish prepared specially for white kid slippers may be purchased at any shoe store. (3) I could not say. Conditions are improving day by day and all one can do is to hope for the best. (4) Possibly it is used for this purpose, but not to my knowledge. It is very poisonous and great care must be exercised in the use of it.

Dear Miss Smart:

What is the difference between a legal holiday and a national holiday?

A national holiday is one which commemorates some important event in the history of the nation—such as July 4th, "Decoration Day" and such. A legal holiday is one prescribed by law for various occasions, as example—Labor Day. All national holidays are legal holidays but all legal holidays are not national holidays.

Best results with deep fat cookery will be obtained when a thermometer is used. For cooked foods such as croquettes, the temperature should be 300 degrees F. regardless of the kind of fat used.

When a platter is used to hold a plank instead of a metal case, the place where the edges of the plank touch the platter may be concealed by the mashed potatoes.

When these are forced thru a pastry tube they are especially attractive.

Worn-out nightdresses make excellent slip covers for gowns that are to be hung away in closet or wardrobe.

Very serviceable dish towels that require no hemming and do not need to be ironed are made from cotton crepe cut in one yard lengths, robe.

### GOOD DISHES.

Good meat loaf may be made from left-over heart, by chopping it very fine with a little cooked bacon. It is then seasoned well and mixed with an equal amount of boiled rice.

It should be steamed until heated thru, and then served with a savory tomato sauce.

A substantial luncheon salad may be made by using small oranges. Peel these, separate flower fashion and marinate with French dressing. Fill the centers with cream cheese mixed with raisins and garnish with raisins.

# HOPE MULLEN MATCHED TO FIGHT JOHNNY NEWTON TO STAGE BOUTS AT RUSSELL'S POINT MONDAY, MAY 30

Altho no official announcement has been made, it is understood that authoritative sources, that Johnny Newton, of Delphos, is signed to fight Hope Mullen, of Sidney, at Russell's Point Recreation Day.

Recently while visiting in Delphos, Red McAulley, local promoter, was accused by Newton who accused him of circulating a rumor that he was afraid of Mullen.

Newton denied the story and McAulley denied he made the statement.

Just what happened between the two is unknown, but it is understood a hot argument followed which ended when Newton signed a contract to fight Mullen.

Mullen recently challenged Newton, and when a contract for the fight was sent the Sidney pug he hurriedly signed up and posted his forfeit.

For this fight it is the plan of the promoters to construct an outdoor arena at Russell's Point. Owners of the pleasure resort are understood to be in favor of the fight, inasmuch as they are understood to have agreed to pay half of the cost of the arena.

Red McAulley has Carl Gregory associated with him in promoting this coming fight. Both refused to make a positive statement regarding the fight Thursday.

## HATHAWAY IS REGARDED AS A GOOD BET

CHICAGO — Smiling Jack Hathaway, captain of the Northwestern University football team in 1921, is regarded by his admirers as one of the greatest all-around athletes developed in the Western Conference in years.

The great hope is Stanley E. Hathaway, and his home is in Huntington, Indiana. Jack played guard on the varsity football team of 1919 and altho weighing only 158 pounds, he took the position of center in 1920. He held the biggest and huskiest of opposing centers and fought them to a standstill last season.

"He was an inspiration to the team, his courage was unbounded and he always fought fairly," is the way Athletic Director Dana M. Evans spoke of Hathaway.

Here are a few of his records: In water basketball, all western conference, guard, 1919; the same in 1920; in wrestling, 158 lb. class, second place, conference 1919; captain of Northwestern wrestling team, 1920, and tied for first in the western inter-collegiate wrestling meet, and first in Big Ten conference meet; boxing, 158-pound champion of Northwestern, 1919.

Hathaway is president of the Men's Athletic Association at Northwestern, is a member of the student council and of the student council and of the senior honorary fraternity. Activity in athletics hasn't hardened his heart nor lowered Jack's ideals, for Director Evans says, "This man Hathaway has fine principles and lives a life that should be an example to all young men in or out of the university."

## MEMORIAL TO UMPIRE IS PLANNED

CHICAGO — Directors of the one of the most famous of major league umpires.

The site and nature of the memorial are still under discussion, and the size of the fund will depend somewhat on these details, it was said today. The "Strike" of O'Loughlin was famous thruout American League parks for years, and it was said the decisions of O'Loughlin received fewer protests from players than any other major league umpire.

## WATCHING THE SCOREBOARD

to 2 Elmer Smith hit a homer with Speaker on, enabling Cleveland to beat the Athletics 1 to 2.

Mensel's homer with two on bases gave the Phils a 7 to 6 victory over the Cards. Shortton, Fournier and Hornsby also hit homers.

Detred made a triple play but lost to the Red Sox 2 to 0. Scott lined to Young who touched McInnis out on second base line and threw to Bush who tagged Hendrix off second.

Shanks hit a pair of home runs but the Browns beat the Senators 3 to 2.

Southworth hit a home run and helped the Braves to beat the Reds 6 to 1.

Cooper held the Robins hitless for five innings and then eased up, the Pirates winning 11 to 2.

YESTERDAY'S HEROES—The Smith family. Earl Smith hit a homer in the ninth, winning the game for the Giants from the Cubs.

## OHIO STATE WANTS A RETURN GAME

COLUMBUS — Local newspapers today published a story that the University of California football team is to be invited to play Ohio State's eleven this fall on Ohio field here. The statement is made that no official action has yet been taken however California severely defeated Ohio State champions of the Western Conference, in a football game at Pasadena, Calif., last New Year's day.

## SAME STUFF

BOSTON, Mass.—Dana Fillingim thug a mean and unkind spitter against our bruiser and battered athletes at Braves Field Wednesday afternoon, and showed the defenseless travelers still further into the cellar. Adolfo Luque was both wild and ineffective, and the Braves chased him off the mound no later than the third round, by which time they had the easy victory neatly sewed up. The score was 6 to 1, and it was the fifth straight defeat for the disciples of Mr. Moran.

Fillingim has been going great guns this spring, and so it was no particular disgrace to be held to a single tally by his moist delivery this last time out he blanked the Pilates, 1 to 0 in 15 innings, so it appears that there are harder hitting teams than the Reds which find him difficult of solution. He did not shut out our boys to-day, but he came very close to doing so. Two hits and an out gave them their lone tally in the opening round, and after that they were as helpless as invalid kittens.

Home run—Southworth.  
Slolen Base—Nixon.  
Double Plays, Winton to Fonseca, Ford to Barbare to Holke.  
Left on Bases—Cincinnati, 2; Boston, 10.  
Bases on Balls—Off Luque, 1, off Rogge, 2.  
Hits—Off Luque, 6 in 2 1-3; off Rogge, 5 in 5 2-3 innings.  
Struck Out—By Luque, 2; by Rogge, 3; by Fillingim, 1.  
Losing Pitcher—Luque.  
Umpires—McCormick and Hart.  
Time—2:39.

## HOMERS GALORE!

Nine home runs, the record to date for the 1921 season, featured eight major league baseball games yesterday.

Honors went to players other than "Habe" Ruth and George Kelly. Ruth failed to get a hit in two times up, but not a in five times to bat and Kelly got one hit in two times up, but not a home run.

Six of the home runs were made in the National League and three in the American.

Shanks, Washington American third baseman, got two homers in three times at bat. Four home runs featured the St. Louis-Philadelphia National League game. Fournier, Hornsby and Shortton, of St. Louis, and Mensel, of Philadelphia, got one each.

Catcher Smith of the New York Nationals, got one, as did Right Fielder Smith, of the Cleveland Americans. Right Fielder Southworth, of the Boston Nationals, in the game with Cincinnati, also bagged out a homer.

Pimples and Blemishes Vanish.

If people would only have iodine in the home at all times for a family remedy, they would not be in the bad and serious afflictions and diseases arise in the skin and blood remedy for everyday accidents and ailments for a woman who spends after many years experience in using a large family "Take Iodine for a Instance." She says "We used to call it 'Antidote' when I was so ill. The iodine got burning the maddening and iodine the remedy."

Physicians are practically unanimous in recommending Iodine. They prefer it in its best form—Lanolin Iodine Compound—with its soothing, healing and powerful, yet never irritating, effect. It is quickly absorbed into the tissues and glands, usually giving prompt relief.

Druggists have this remarkable Iodine compound and should recommend it as it gives unusual satisfaction. Be sure to get Lanolin Iodine for best results.

## DEMPESEY AND GEORGES IN TRAINING

By HENRY L. FARRELL.  
(United Press Staff Correspondent.)  
NEW YORK.—Widely divergent scenes are being enacted in the training camps of the two glove gladiators who will decide the world's championship in Jersey City July 2.

Dempesey, the champion, is battering big sparring partners around in Atlantic City. Carpenter, the challenger, is resting at Manassas. The big American is welcoming friends and the public. Carpenter is keeping out of sight.

Beyond taking a little walk, Carpenter has done nothing yet and his trainers say he will remain in comparative inactivity until the first week of June.

EFFECTS OF VOYAGE  
From all appearances he is still suffering from the effects of his voyage.

The novelty of having a heavy-weight training camp tented, barbed wired and guarded is causing more comment now than the fight or the training.

Some figure it is some of Manager Desamps' widely known psychology, directed at the Dempsey camp where he hopes to get them worried.

Jack Kearns will worry, that's a cinch. He cannot figure how any one could turn down \$25,000 or \$30,000 in admission money just to keep away from the crowds.

## SULLIVAN WALLOPED BY RYAN IN FIGHT WEDNESDAY NIGHT

Joe Sullivan, Toledo, was forced to submit to a beating at Memorial Hall Wednesday night when he fought Frankie Ryan, of Cincinnati, in a 12-round bout.

Ryan proved too clever for the Toledoian and won every round except two. Sullivan was unable to land effective blows, and his familiar left upper cut was to no avail.

"Speck" Kasler, of Delphos, sprained his wrist during the third round of his fight with "Pig Iron" Turner and the bout was called off. Both boys were going good, and appeared to be evenly matched.

It was a big disappointment to the fans, who anticipated a lively scrap between the two.

"Buck" Daly, of Lynn, Mass., proved to be far superior to Reg. Rodman, of Fort Wayne. They fought a druggy six round preliminary.

A fair sized crowd attend the fight.

## BACK AGAIN

CLEVELAND.—Elmer Smith's home run over the rightfield wall with Speaker on base won Wednesday's game for Cleveland from Philadelphia, 1 to 2, and the Indians regained first place in the pennant race. Kummell's lack of control proved costly, two of his seven passes resulting in runs. Score:

Innings . . . 1 2 3 4 5 6 7 8 9  
Philadelphia 0 2 0 0 0 0 0 0 0—2  
Cleveland . . . 0 1 2 1 0 0 0 0 X—4  
Error—Sewell. Two-Base Hit—Sewell. Three-Base Hit—Dykes. Home Run—Smith. Sacrifices—Kummell, Johnston. Double Plays—Gardner, and Johnston; Brazil and Galloway; Stephenson and Johnston; Dykes, Galloway and Brazil. Left on Bases—Philadelphia, 6; Cleveland, 8. Bases on Balls—Off Kummell, 7; off Coveleskie, 2. Struck Out—By Kummell, 2; Coveleskie, 3. Passed Ball—O'Neill. Umpires—Connolly and Moriarty. Time—1:35.

BURNS IS VISITOR  
William Burns, former major league player, who is said to have acted as the "go-between" for the gamblers and players named in the indictments brought here, is said to be a frequent visitor to the offices of Judge Barrett, and has explained all he knows of the alleged "fixing" of the 1919 series.

"My best judgment is that Attell will not fight extradition," said Judge Barrett. "And wouldn't Attell's testimony be very valuable as an asset to the state's case?"

Ben Hur Lodge will give Penny Social and Entertainment Wednesday evening, May 25th in Central Building. Everybody welcome.
